#### RESOLUTION NO. 3059

A RESOLUTION FOR THE ADOPTION OF ENGINEERING AND FINANCIAL INVESTIGATION REPORTS, ESTABLISHMENT OF A LOCAL IMPROVEMENT DISTRICT, AUTHORIZATION TO SECURE EASEMENTS, TO OBTAIN BIDS, TO INCREASE APPROPRIATIONS, AND TO ISSUE WARRANTS FOR THE CONSTRUCTION OF SS-90-5, 24th Avenue Sanitary Sewer L.I.D..

WHEREAS, a Public Hearing was held on November 14, 1990, for the establishment of a Local Improvement District for SS-90-5, 24th Avenue Sanitary Sewer L.I.D.; and,

WHEREAS, less than two-thirds remonstrances as required by the City Charter to suspend the formation of a Local Improvement District were received; and

WHEREAS, action on this project was tabled until staff could meet with impacted property owners; and

WHEREAS, staff and the Public Works Committee met with property owners and others on May 1, 1991.

NOW, THEREFORE, BE IT RESOLVED that the engineer's report of the Public Works Director and the financial investigation report of the Finance Director filed with the City Recorder on the 24th day of October, 1990, concerning SS-90-5, 24th Avenue Sanitary Sewer L.I.D., be and the same are hereby adopted and a Local Improvement District is hereby established.

BE IT FURTHER RESOLVED that the Council authorize the Mayor and City Recorder to sign agreements on behalf of the City of Albany for the purpose of obtaining easements to construct the said improvements, direct the City Manager to obtain bids for the construction of said projects as required by law, and authorize the Mayor and City Recorder to make, issue, and negotiate General Obligation Improvement Warrants for the performance of said improvements, bearing interest, and constituting general obligations of the City of Albany. The terms of conditions of such warrants shall be as provided by ORS 287.502 to 287.510.

BE IT FURTHER RESOLVED that funds budgeted within the Improvement Fund be appropriated as follows:

Improvement Fund

City Recorder

# INTERDEPARTMENTAL MEMORANDUM Public Works Department Engineering/Utilities Division

TO:

Albany City Council

VIA:

Steve Bryant, City Manager

FROM:

John Joyce, P.E., Public Works Director

DATE:

October 17, 1990

SUBJECT: Engineer's Report - SS-90-5, 24th Avenue Sanitary Sewer Extension

#### Description of Project:

This project has been initiated in response to a request from Larry D. Wilcox on September 7, 1990 to provide sanitary sewer service to tax lot 218, Map No. 11S-03W-17A. (See attached EXHIBITS A and B). The Linn County sanitarian has reviewed the subject property and has concluded that this property has a failed septic system. By State law, the Linn County Environmental Health Department is not permitted to issue a permit for or otherwise approve repair of a failing septic system. The request for service and an initial staff study were submitted to the City Council on September 26, 1990, and Council directed staff to prepare an Engineer's Report and Financial Investigation.

The project consists of one manhole and approximately 400 linear feet of 8-inch diameter sanitary sewer line in the unimproved section of 24th Avenue east of Waverly Drive. This new line will connect to an existing manhole in Waverly Drive.

#### Summary of Estimated Cost:

Estimated Construction Cost 10% Contingencies	\$23,000 <u>2,300</u>
Total Estimated Construction Cost	25,300
15% City Engineering, Legal and Administration	3.800
Total Estimated Assessment	\$29,100

#### Method of Assessment

Staff recommends that the benefitting property owners be assessed on a front foot basis plus cost per square foot for that portion of the tax lot which is beyond 150-feet from 24th Avenue. We believe that this method of assessment most fairly distributes the benefits derived from the construction of this project.

Two properties, tax lots 211 and 216, currently have sanitary sewer service from Waverly Drive. Therefore these two properties are not being included in the local improvement district for assessment as no benefit can be shown.

#### Recommendation

It is recommended that the City Council adopt the Engineer's Report and declare its intent to make the improvements by adopting the attached Resolution, and set a public hearing date to hear any objections or support for the project.

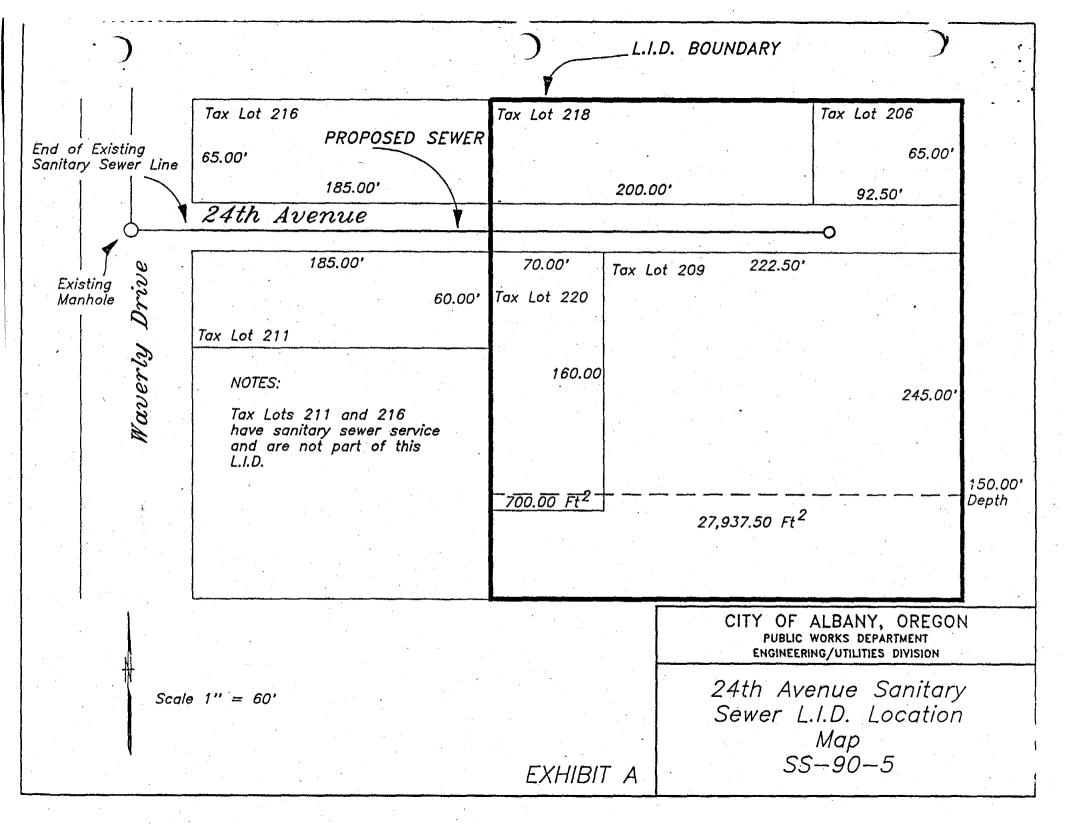

Respectfully submitted,

ar Elina

Carl Elleard, P.E. Engineering Supervisor Approved by,

John Joyce, P.E.

Public Works Director

# FINANCIAL INVESTIGATION REPORT (cont) 24th AVENUE SE SANITARY SEWER PROJECT SS-90-05

Section 3. Number of similar lots and property held by the City through foreclosure

The city has approximately 50 residential lots that were obtained through lien foreclosure. This is down from a total of 200+ that the city had in 1986.

Section 4. Delinquency rate of assessments and taxes in the area

There are no city assessments on any of the properties in this LID. None of the properties are subject to foreclosure because of delinquent taxes.

Section 5. Real estate value trends in the area.

Real estate values in the proposed LID have remained constant. Very little new development has taken place in the immediate area. Significant new development has taken place in the Deerfield Subdivision to the South of this LID. There is potential for significant new development to the East, across I-5 if a new sewer line is constructed on 21st Avenue.

Section 6. Tax levy trends and potential financial impact on the proposed LID

Tax on the property should be consistent with the rest of the City. If state ballot measure 5 is approved the tax rate could decrease by \$18 per thousand assessed valuation. The LID improvements could add significant value to TL 209 by making it ready for development. TL 206 is very small and it is unlikely that the added assessment cost could be recovered from increased value in the lot.

Section 7. Does the project conform to the City Comprehensive Plan

Yes

Section 8. Status of City's debt

The city has \$1.5 million in outstanding Bancroft debt. This small LID would probably be financed through city reserve funds. There is \$650,000 in delinquent assessment.

Section 9. Estimated cost of financing.

The financing charge would be 8.84% or the cost as determined from a more current Bancroft bond issue.

Section 10. General credit worthiness of property owners within the LID.

The city has no reason to believe that the property owners could not pay the proposed assessment.
