Information for the Applicant

Please read the following requirements. This list is not meant to be all-inclusive; we have tried to compile requirements that relate to your specific type of development. These requirements are not conditions of the land use decision. They are Albany Municipal Code (AMC) or ADC regulations or administrative policies of the planning, engineering, fire, or building departments that you must meet as part of the development process. You must comply with state, federal, and local law. The issuance of this permit by the City of Albany does not eliminate the need for compliance with other federal, state, or local regulations. It is the applicant's responsibility to contact other federal, state, or local agencies or departments to assure compliance with all applicable regulations.

Planning

1. Land use approval does not constitute building or public works permit approvals.
2. Construction of the development must substantially conform to the approved Site Plan Review.

Building

Permits

3. Obtain building permits prior to any construction.
4. An Erosion Prevention and Sediment Control Permit is required to be obtained from public works before commencing land disturbing activities affecting an area of 2,000-square-feet or greater, cumulatively.

Plan Review for Permits

5. All plans submitted for review for building permits will need to be submitted electronically. Contact the Building Division front counter at ePlans@cityofalbany.net for details and instructions prior to submittal.
