DEVELOPMENT CODE AMENDMENTS (ADC 2.290)

The request may be approved if the council finds that the application meets the following criteria:

- (1) The proposed amendments better achieve the goals and policies of the Comprehensive Plan than the existing language.
- (2) The proposed amendments are consistent with Development Code policies on purpose and with the purpose statement for the base zone, special purpose district, or development regulation where the amendment is proposed.

ARTICLE 3 RESIDENTIAL ZONING DISTRICTS

- 3.010 Overview. The residential zones are intended to preserve land for housing. This Code preserves the character of neighborhoods by providing seven zones with different density standards. The site development standards allow for flexibility of development while maintaining compatibility within the City's various neighborhoods. These regulations provide certainty to property owners, developers and neighbors by stating the allowed uses and development standards for the base zones. Sites within overlay districts are also subject to the regulations in Articles 6 and 7. [Ord. 5673, 6/27/07]

The list below is a summary of the topics covered in this article.

- Zoning Districts
- Schedule of Permitted Uses
- Development Standards

ZONING DISTRICTS

- 3.020 Establishment of Residential Zoning Districts. In order to regulate and segregate the uses of lands and buildings and to regulate the density of development, the following residential zoning districts are established:

- (1) RR—RESIDENTIAL RESERVE DISTRICT. The RR District is intended to recognize areas which, because of topography, level of services, or other natural or development factors are best served by a large lot designation. This district may be applied on an interim basis until urban services become available. The minimum lot size is five acres.
- (2) RS-10—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-10 District is intended primarily for a lower density single-family residential environment. The average minimum lot size is 10,000 square feet.
- (3) RS-6.5—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-6.5 District is intended primarily for low-density urban single-family residential development. The average minimum lot size is 6,500 square feet.
- (4) RS-5—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-5 District is intended primarily for low- to moderate-density single-family development. The average minimum detached single-family lot size is 5,000 square feet. [Ord. 5673, 6/27/07]
- (5) RM—RESIDENTIAL MEDIUM DENSITY DISTRICT. The RM District is primarily intended for medium-density residential urban development. New RM districts should be located on a collector or arterial street or in Village Centers. Development may not exceed 25 units per gross acre. [Ord. 5673, 6/27/07]
- (6) RMA—RESIDENTIAL MEDIUM DENSITY ATTACHED DISTRICT. The RMA District is intended primarily for medium- to high-density urban residential development. All units, whether single- or multiple-family, shall be attached. New RMA districts should be located on a collector or arterial street or in Village Centers. Development may not exceed 35 units per gross acre. [Ord. 5673, 6/27/07]
- (7) HM—HACKLEMAN-MONTEITH DISTRICT. The HM district is intended primarily to preserve the existing single-family residential character of the Hackleman and Monteith National Register Historic Districts. Conversion of single-family residential structures to other uses, including multi-family residential, is not allowed. [Ord. 5555, 2/7/03; Ord. 5673, 6/27/07]

- 3.030 Establishment of Special Purpose Districts. Special purpose districts are overlay districts that may be combined with a major zoning district. The regulations of a special purpose district are supplementary to the regulations of the underlying major zoning district. The regulations of a special purpose district and the major zoning district shall all apply to any site that has both designations. Where the regulations

Attachment A.2

- CU Use permitted conditionally under the provisions of Sections 2.230-2.260 through a Type III procedure.
- CUII Uses permitted conditionally through the Type II procedure.
- PD Use permitted only through planned development approval.
- CD Use permitted only through cluster development approval.
- N No; use not permitted in the zoning district indicated.

Some zones have two abbreviations for a use category (ex. Y/CU). Refer to the special condition number to determine what review process is required based on the details of the use.

[Ord. 5673, 6/27/07]

The table below is amended to clarify that an accessory unit is an accessory dwelling unit.

SPECIAL CONDITIONS

3.080 General. Where numbers appear in the column labeled “special conditions” or in a cell in the Schedule of Permitted Uses, the corresponding numbered conditions below shall apply to the particular use category as additional clarification or restriction:

- (1) In the RS-6.5, RS-5, and RS-10 Districts, one duplex is permitted outright on a corner lot that meets the minimum lot size for a duplex in the zone. Exception for non-corner lots created between May 1, 2000 and January 11, 2006: A duplex is allowed on a non-corner lot created in this time period provided that the lot is at least 1.5 times the single-family minimum lot size in the zone. The lot size threshold may be reduced by use of the 10 percent transportation bonus provided the lot is not a flag lot and it meets the standards in Section 3.220.

[Ord. 5445, 4/12/2000; Ord. 5635, 1/11/06; Ord. 5673, 6/27/07]

- (2) When more than one single-family detached residence is located on a property of record in a residential zoning district and the buildings were legally constructed, the property may be divided in conformance with Article 11, even if the resulting lots do not meet the required minimum lot area and dimensional standards for the zoning district, if required setbacks and lot coverage can be met.

[Ord. 5338, 1/28/98; Ord. 5673, 6/27/07]

- (3) Duplexes and multi-family development may be divided so that each can be individually owned by doing a land division in conformance with Article 11. The total land area provided for the development as a whole must conform with the requirements of Article 3, Table 1, however, the amount of land on which each unit is located does not need to be split equally between the individual units - one may be larger and one smaller.

[Ord. 5673, 6/27/07]

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. As proposed, ADC Section 3.080(4) satisfies this ORS requirement by removing the restrictions on detached ADUs and allowing ADUs in all Article 3 zones where a single-detached house is permitted outright. A revised definition of an ADU is provided in Article 22 – Definitions.

~~(4) Where detached single-family residences are permitted outright, one accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”. The ADU shall comply with the following standards:~~

~~(4) One accessory apartment is permitted per primary single family residence, called the “primary residence.” The accessory apartment may be:~~

~~(a) An addition to or within the primary residence, OR~~

~~(b) In a detached building built before February 1, 1998, OR~~

~~(c) On a lot in a subdivision of at least ten lots, when the tentative plat was approved after July 1, 2007.~~

Accessory ~~apartments~~ dwelling units shall be incidental in size and appearance to the primary residence and meet the following standards:

(a) One of the residences is owner occupied.

(b) The size of an ~~accessory apartment~~ ADU does not exceed 50 percent of the gross floor area of the primary residence (excluding garages or carports) or 750 square feet, whichever is less. (Note: ~~Accessory apartments~~ ADUs greater than 750 square feet that were legally constructed before July 1, 2007, may remain.)

(c) At least three off-street parking spaces are provided on the property to serve the two residences. [Ord. 5338, 1/28/98]

(d) All required building permits have been obtained. If the primary residence is on the Local Historic Inventory, historic review may be required.

(e) The size of the property meets the minimum single-family lot area requirements for the zoning district in which the lot is located. [Ord. 5338, 1/28/98; Ord. 5673, 6/27/07]

Detached ~~accessory apartment units~~ ADUs must also meet the following development standards:

Front Setback: Greater than or equal to the location of the front wall of the primary residence; and

Interior Setback: 5 feet for one-story; 8 feet for two-story; and

Maximum Height: 24 feet to the ridge of the roof. [Ord. 5673, 6/27/07]

(5) In the RM District, the following criteria must be met in addition to the Conditional Use criteria for permitting RV overnight parks:

(a) The entire site must be located within 750 feet of the Interstate 5 right-of-way.

(b) The RV park access is limited to the Interstate 5 frontage road or streets servicing primarily industrial or commercial development.

(6) “Child Care Homes” that includes the day or night time care of no more than sixteen children, including the children of the provider or the care and treatment of adults for less than 24-hours are considered a residential use of the property and are allowed outright in zones that allow single-family homes per the Oregon Revised Statutes (ORS). See ADC Section 22.200.

[Ord. 5673, 6/27/07]

(7) Bed and Breakfast facilities shall:

(a) Be owner occupied.

Attachment A.5

- (c) For projects that are affordable for persons whose income is equal to, or less than, .8 times the median income for Linn or Benton Counties – 15 percent density increase.

[Ord. 5673, 6/27/07]

Affordable means that the annual mortgage payments, with no more than a 10% down payment required, or the annual rent for a unit equals no more than 28 percent of the income level for which the density bonus points are being applied. Projects must have a guaranteed sale price, interest, or rental price, and include contractual obligations for continued availability to low- and moderate-income persons.

Alley Access

- (7) Lots with alley access may be up to 10 percent smaller than the minimum lot size for the zone.

[Ord. 5338, 1/28/98; Ord. 5445, 4/12/00]

SETBACKS

- 3.230 Setback Measurements. All setbacks must meet the minimum standards as set forth in Tables 1 and 2 in this Article, as appropriate. Setback distances shall be measured perpendicular to all portions of a property line. In addition to the setbacks in this article, all development must comply with Section 12.180, Clear Vision Area. See also Table 2, Accessory Structure Standards. [Ord. 5673, 6/27/07]

ARTICLE 4 COMMERCIAL AND INDUSTRIAL ZONING DISTRICTS

- 4.010 Overview. The zones created in this article are intended to provide land for commercial, office and industrial uses. The differences among the zones, in the permitted uses and development standards, reflect the existing and potential intensities of commercial and industrial development. The site development standards allow for flexibility of development while minimizing impacts on surrounding uses. The regulations in this article promote uses and development that will enhance the economic viability of specific commercial and industrial areas and the city as a whole. Development may also be subject to the provisions in Article 8, Design Standards, Article 9, On-Site Development and Environmental Standards, and Article 12, Public Improvements. Sites within overlay districts are also subject to the provisions in Article 6, Special Purpose Districts, and Article 7, Historic Overlay Districts. [Ord. 5555, 2/7/03]

The following list is a summary of the topics covered in this article:

- Zoning Districts
- Schedule of Permitted Uses
- Development Standards
- Airport Approach Overlay District

ZONING DISTRICTS

- 4.020 Establishment of Commercial and Industrial Zoning Districts. In order to regulate and segregate the uses of lands and buildings and to regulate the density of development, the following commercial and industrial zoning districts are created:

- (1) **OP – OFFICE PROFESSIONAL DISTRICT.** The OP district is intended to provide a vertical or horizontal mix of professional offices, personal services, live-work, residential and limited related commercial uses in close proximity to residential and commercial districts. The limited uses allowed in this district are selected for their compatibility with residential uses and the desired character of the neighborhood. OP is typically appropriate along arterial or collector streets as a transitional or buffer zone between residential and more intense commercial or industrial districts.
- (2) **NC – NEIGHBORHOOD COMMERCIAL DISTRICT.** The NC district is intended primarily for small areas of retail establishments serving nearby residents' frequent needs in convenient locations. The NC District is typically appropriate for small clusters or service centers located at intersections within residential neighborhoods. Businesses should fit into the residential pattern of development and not create land use, architectural or traffic conflicts. Generally, uses located within NC Districts should have as their primary market area the population within a one-half mile radius.
- (3) **CC – COMMUNITY COMMERCIAL DISTRICT.** The CC district recognizes the diversity of small to medium-scale businesses, services and sites mostly located on arterial streets and highways. Design guidelines, building location and front-yard landscaping will provide a coordinated and enhanced community image along these major transportation corridors as they develop or redevelop. Sound and visual buffers should be used to mitigate impacts on nearby residential areas.

- (18) Non-Residential Accessory Buildings over 750 square feet in the OP zone require Site Plan Review. [Ord. 5742, 7/14/10]

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. Proposed revisions to special condition 19 satisfy this ORS requirement by allowing ADUs to be constructed in the Office Professional (OP) zone, where single-family detached homes are permitted outright. Since ADC Article 4 does not have standards governing ADUs, proposed revisions require a new ADU to comply with the ADU standards in Article 5 – Mixed Use Zoning Districts. A revised definition of an ADU is provided in Article 22 – Definitions.

- (19) Single-Family and Two-Family Units in the OP zone. Single-family residences are allowed outright. Attached single-family and two-family residences require a conditional use review. One accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”. The ADU shall comply with the standards for ADUs in ADC 5.070(15).

[Ord. 5742, 7/14/10]

- (20) Existing Single-Family Homes. Single-family homes built before December 11, 2002, in any commercial or industrial zone may remain as a permitted use without being nonconforming. New single-family homes are not permitted unless allowed in the zoning district. See Section 4.075. Single-family includes attached units, one unit per lot.

- (21) Residential Accessory Buildings, except Accessory Dwelling Units, are permitted outright with residential uses if they meet the following conditions:

- (a) Detached accessory buildings, garages and carports are less than 750 square feet and have walls equal to or less than 11 feet tall.
- (b) All other residential district accessory buildings, garages or carports require a site plan review.

[Ord. 5767, 12/7/11]

- (22) Agriculture. All agricultural uses established before January 8, 2003, are allowed to remain. New agriculture uses are limited to the raising of crops and plants on vacant land. The raising of livestock as a new use is not permitted. Regulations governing the keeping of animals/livestock are found in the Albany Municipal Code Title 6.

[Ord. 5742, 7/14/10]

- (23) Communication Facility Placement Standards. Where allowed, Communication Towers and Poles over 50 feet in height when measured from the ground or over 15 feet above a rooftop are not permitted in front yard setbacks and must meet the standards in Section 8.500.

[Ord. 5886, 1/6/17]

Placement of antennas, satellite dish antennas, and monopoles less than 50 feet tall when measured from the ground; or when located on a rooftop, within 15 feet of a rooftop, is permitted outright in all districts subject to the following standards:

- (a) Antennas or antenna supports. Satellite dishes and monopoles shall not be located within any front yard setback area or within any required landscape buffer yard.
- (b) Dish antennas larger than three feet in diameter, and located within ten feet of a residential lot line or visible from a public street shall be screened with a six-foot solid screen fence, wall, hedge, or other landscaping.
- (c) Antennas used to display sign messages shall conform to all district sign regulations in

[Ord. 5886, 1/6/17]

ARTICLE 5 MIXED USE ZONING DISTRICTS

5.000 Purpose. This article is intended to define the character of Albany's mixed-use zoning districts. The mixed-use zones implement the concepts identified in the Balanced Development Patterns Project (2001) and the Town Center Plan (Central Albany Land Use and Transportation Study, CALUTS, 1996). These zoning districts are compatible with the Village Center Comprehensive Plan designation applied in the Central Albany area, North Albany, east of Interstate 5 on Knox Butte Road, and south of Oak Creek near Highway 99E (Pacific Boulevard). The mixed-use zones may be applied outside of the Village Center plan designation. [Ord. 5555, 2/7/03]

5.020 Overview. The mixed-use zoning districts are the center of neighborhood and commercial activity, providing a horizontal or vertical mix of retail and residential uses to serve nearby neighborhoods. Other uses may include offices, and community and personal services. Centers are easily accessible to nearby residences, are pedestrian-friendly, and relate to adjacent land uses. Commercial uses must fit the scale of adjacent neighborhoods and the desired character envisioned for each Village Center or mixed-use area. The mixed-use zones differ in permitted uses, development standards, and design based on the unique objectives of each area. Design standards may be adopted to define the unique architectural and streetscape features of each area. [Ord. 5894, 10/14/17]

Development may also be subject to the provisions in Article 8, Design Standards; Article 9, On-Site Development and Environmental Standards; and Article 12, Public Improvements. Sites within overlay districts are also subject to the provisions of Article 6, Special Purpose Districts, and Article 7, Historic Overlay Districts.

The list below is a summary of the topics covered in this article.

ZONING DISTRICTS

5.030 Establishment of Mixed Use Zoning Districts. In order to implement the mixed-use and livability concepts in the Town Center and Albany Comprehensive Plans, the following zoning districts are created:

- (1) HD – HISTORIC DOWNTOWN DISTRICT. The HD district is intended for a dense mixture of uses with an emphasis on entertainment, theaters, restaurants, nightlife and specialty shops. High-density residential infill on upper floors is encouraged, as is the continued presence of the government center and supporting uses. [Ord. 5894, 10/14/17]
- (2) DMU – DOWNTOWN MIXED USE DISTRICT. The DMU district is intended for a mix of retail, services, institutions, offices, and housing that supports businesses in and around the Historic Downtown District. Mixed uses are encouraged both horizontally and vertically. High-density residential infill and office employment are both encouraged. [Ord. 5894, 10/14/17]
- (3) CB – DOWNTOWN CENTRAL BUSINESS DISTRICT. The CB district is intended for a broad mix of residential and non-residential uses. Mixed uses are encouraged both horizontally and vertically. High-density residential infill is encouraged to support nearby businesses. [Ord. 5894, 10/14/17]
- (4) MUR – MIXED USE RESIDENTIAL DISTRICT. The MUR district is intended primarily to create a residential district that allows a mixture of neighborhood commercial uses that meet the daily needs of area residents. [Ord. 5673, 6/27/07]

A number appearing opposite a use in the “special conditions” column indicates that special provisions apply to the use in all zones. A number in a cell particular to a use and zone(s) indicates that special provisions apply to the use category for that zone(s). These conditions are found following the schedule in Section 5.070. [Ord. 5555, 2/7/03; Ord. 5673, 6/27/07]

SPECIAL CONDITIONS

5.070 General. Where numbers appear in the “Special Conditions” column or in any cell in the Schedule of Permitted Uses, the corresponding numbered conditions below shall apply to the particular use category as additional clarification or restriction:

- (13) Public park development activity subject to conditional use review includes major development; expansions of activities and development within parks which currently generate substantial traffic; or construction of major structures such as swimming pools, lighted ball fields, and community centers. Conditional use review is not required, however, for construction of play equipment, tennis courts, bike paths, picnic shelters, restrooms, landscaping, and similar activities within existing improved parks.
- (14) Residential Care or Treatment Facility. A residential care facility (six or more residents) requires a Site Plan Review. A “residential home” (as defined in ORS Chapter 443) or group home that includes five or fewer residents is permitted outright in any zone that allows single-family residences. [Ord. 5673, 6/27/07; Ord. 5742, 7/14/10]

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. As proposed, ADC Section 5.070(15) satisfies this ORS requirement by removing the restrictions on detached ADUs and allowing ADUs in all Article 5 zones where a single-detached house is permitted outright, including the MUR zone. A revised definition of an ADU is provided in Article 22 – Definitions.

- (15) Existing Single- and Two-Family. Single-family and two-family units built before December 11, 2002, may remain as a permitted use in any zone without being nonconforming. See Section 5.080. [Ord. 5673, 6/27/07]

Accessory Dwelling Units. Where detached single-family residences are permitted outright, one accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”.

~~Accessory Apartments~~. ~~One accessory apartment is permitted per single family residence on a property. The single family residence is referred to as the “primary residence” below.~~

The accessory apartment may be:

- ~~An addition to or within the primary residence; OR~~
- ~~In a detached building built before February 1, 1998; OR~~
- ~~On a lot in a subdivision of at least 10 lots, when the tentative plat was approved after July 1, 2007.~~

Accessory ~~apartments~~ dwelling units shall be incidental in size and appearance to the primary residence and meet the following standards:

- (a) One of the residences is owner-occupied.
- (b) The size of an ~~accessory apartment~~ ADU may not exceed 50 percent of the gross floor area of the primary residence (excluding garages or carports) or 750 square feet, whichever is less.
- (c) The size of the property meets the minimum single-family lot area requirements for the zoning district in which the lot is located.
- (d) The front door of an ~~accessory apartment~~ ADU may not be located on the same façade as the front door of the primary residence unless the door already exists or the wall that contains the ~~apartment~~ ADU front door is set back at least five feet from the front facade of the primary residence.
- (e) At least three off-street parking spaces are provided on the property to serve the two residences.
- (f) Exterior additions must substantially match the existing materials, colors, and finish of the primary structure.
- (g) All required building permits must be obtained. If the primary residence is on the Local Historic Inventory, historic review may be required.

- (h) The front setback shall be greater than or equal to the location of the front wall of the primary residence. [Ord. 5673, 6/27/07]

(16) Single-Family and Two-Family Units.

- (a) Limited Uses in DMU, CB, ES, LE, and WF. New construction of single-family units is limited to attached units (one unit per lot or condominiums) and two-family units (a duplex). [Ord. 5742, 7/14/10; Ord. 5894, 10/14/17]
- (b) In CB, ES, DMU, and LE: Buildings originally built as a single-family house or church may be converted to a single-family residential use without requiring a land use application. [Ord. 5673, 6/27/07; Ord. 5894, 10/14/17]
- (c) Limited Uses in HD: Buildings originally built as a single-family house or church may be converted to a single-family residential use without requiring a land use application. All other single-family and two-family units are prohibited.
- (d) In CB, WF, and DMU: Single-family attached units and two-family units with driveways that meet the standards in ADC 8.150(1) are permitted subject to site plan review. All other single-family attached units and two-family units may be considered through a Conditional Use review.

(17) Residential Development in CB, HD, MS, ES, and MUC. [Ord. 5894, 10/14/17]

 - iii. Units attached to a business on a multiple frontage lot: On a lot with three or more street frontages, dwelling units are permitted on the first story facing a street line that is considered an interior lot line pursuant to the definition of front lot line in Article 22; however, in no case shall first-story dwelling units face onto First or Second Avenue. Street-facing first-story dwelling units shall meet all applicable setbacks and design standards in Articles 5 and 8 as if the street line that the units are facing were a front lot line. [Ord. 5894, 10/14/17]
 - iv. All other units above or attached to a business are prohibited. [Ord. 5894, 10/14/17]

DESIGN STANDARDS**

8.000 Overview. The purpose of this Article is to establish additional standards for certain uses. These standards are intended to reduce adverse effects on surrounding property owners and the general public, to create a business environment that is safe and comfortable, to further energy conservation efforts within the City, to enhance the environment for walking, cycling, and mass transit use, and to ensure that high-quality development is maintained throughout Albany.

The following list is a summary of the topics covered in this article.

- Single-Family Homes
- Multiple Family Development
- Commercial and Institutional Site Design
- Supplemental Standards in Village Centers
- Telecommunications Facilities
- Supplemental Design Standards for the Oak Creek Transition Area
[Ord. 5445, 4/12/00, Ord. 5801, 2/13/13; Ord. 5832, 4/9/14]

SINGLE-FAMILY HOMES

8.100 Purpose. The design standards for single-family homes are intended to create pedestrian-friendly, sociable, safe and attractive neighborhoods through human-scale design. These standards emphasize the functional relationship between the home and the street. Compatibility standards protect the architectural character of existing neighborhoods. These design standards are adaptable to many different architectural styles. [Ord. 5445, 4/12/00]

ADC 8.110(3) has been modified, below, to make it clear that Design Standards do not apply to detached accessory dwelling units.

8.110 Applicability.

- (1) The standards of ADC Sections 8.110 through 8.160 apply to all new single-family detached units, manufactured homes, two-family units (duplexes), and single family attached units on individual lots in all zones that allow single-family housing, except as otherwise noted. [Ord. 5894, 10/14/17]
- (2) In addition, except as otherwise noted, the standards of ADC Sections 8.110 through 8.160 apply to multifamily units with individual driveways permitted pursuant to ADC 12.100(2) that are located in the WF, CB, or DMU zone, or in the HD zone in a building where ground-floor residential use is permitted pursuant to ADC 5.070(17). [Ord. 5894, 10/14/17]
- (3) These standards do not apply to detached accessory dwelling units, existing structures, ~~to~~ new additions to existing structures, or to manufactured home parks. [Ord. 5894, 10/14/17]
- (4) Development on flag lots or on lots that slope up or down from the street with an average slope of 20 percent or more is exempt from these standards. [Ord. 5445, 4/12/00; Ord. 5894, 10/14/17]

8.120 Relationship to Historic Overlay Districts. For property inside the Historic Overlay Districts and properties designated as Historic Landmarks, the provisions in Article 7 also apply. For development subject to historic review under Article 7, the review body may grant flexibility in meeting any of the design standards where necessary to achieve historic compatibility. [Ord. 5445, 4/12/00; Ord. 5894, 10/14/17]

22.010 Introduction to the Use Categories. This section classifies land uses and activities into use categories based on common functional, product, or physical characteristics. The use categories provide a systematic basis for assigning present and future uses to zones. The environmental performance standards in Article 9, On-site Development and Environmental Standards, may limit the placement of certain uses in some zoning districts.

ARTICLE 3 RESIDENTIAL ZONING DISTRICTS

- 3.010 Overview. The residential zones are intended to preserve land for housing. This Code preserves the character of neighborhoods by providing seven zones with different density standards. The site development standards allow for flexibility of development while maintaining compatibility within the City's various neighborhoods. These regulations provide certainty to property owners, developers and neighbors by stating the allowed uses and development standards for the base zones. Sites within overlay districts are also subject to the regulations in Articles 6 and 7. [Ord. 5673, 6/27/07]

The list below is a summary of the topics covered in this article.

- Zoning Districts
- Schedule of Permitted Uses
- Development Standards

ZONING DISTRICTS

- 3.020 Establishment of Residential Zoning Districts. In order to regulate and segregate the uses of lands and buildings and to regulate the density of development, the following residential zoning districts are established:

- (1) RR—RESIDENTIAL RESERVE DISTRICT. The RR District is intended to recognize areas which, because of topography, level of services, or other natural or development factors are best served by a large lot designation. This district may be applied on an interim basis until urban services become available. The minimum lot size is five acres.
- (2) RS-10—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-10 District is intended primarily for a lower density single-family residential environment. The average minimum lot size is 10,000 square feet.
- (3) RS-6.5—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-6.5 District is intended primarily for low-density urban single-family residential development. The average minimum lot size is 6,500 square feet.
- (4) RS-5—RESIDENTIAL SINGLE FAMILY DISTRICT. The RS-5 District is intended primarily for low- to moderate-density single-family development. The average minimum detached single-family lot size is 5,000 square feet. [Ord. 5673, 6/27/07]
- (5) RM—RESIDENTIAL MEDIUM DENSITY DISTRICT. The RM District is primarily intended for medium-density residential urban development. New RM districts should be located on a collector or arterial street or in Village Centers. Development may not exceed 25 units per gross acre. [Ord. 5673, 6/27/07]
- (6) RMA—RESIDENTIAL MEDIUM DENSITY ATTACHED DISTRICT. The RMA District is intended primarily for medium- to high-density urban residential development. All units, whether single- or multiple-family, shall be attached. New RMA districts should be located on a collector or arterial street or in Village Centers. Development may not exceed 35 units per gross acre. [Ord. 5673, 6/27/07]
- (7) HM—HACKLEMAN-MONTEITH DISTRICT. The HM district is intended primarily to preserve the existing single-family residential character of the Hackleman and Monteith National Register Historic Districts. Conversion of single-family residential structures to other uses, including multi-family residential, is not allowed. [Ord. 5555, 2/7/03; Ord. 5673, 6/27/07]

- 3.030 Establishment of Special Purpose Districts. Special purpose districts are overlay districts that may be combined with a major zoning district. The regulations of a special purpose district are supplementary to the regulations of the underlying major zoning district. The regulations of a special purpose district and the major zoning district shall all apply to any site that has both designations. Where the regulations

Attachment B.2

- CU Use permitted conditionally under the provisions of Sections 2.230-2.260 through a Type III procedure.
- CUII Uses permitted conditionally through the Type II procedure.
- PD Use permitted only through planned development approval.
- CD Use permitted only through cluster development approval.
- N No; use not permitted in the zoning district indicated.

Some zones have two abbreviations for a use category (ex. Y/CU). Refer to the special condition number to determine what review process is required based on the details of the use.

[Ord. 5673, 6/27/07]

The table below is amended to clarify that an accessory unit is an accessory dwelling unit.

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. As proposed, ADC Section 3.080(4) satisfies this ORS requirement by removing the restrictions on detached ADUs and allowing ADUs in all Article 3 zones where a single-detached house is permitted outright. A revised definition of an ADU is provided in Article 22 – Definitions.

- (4) Where detached single-family residences are permitted outright, one accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”. The ADU shall comply with the following standards:

Accessory dwelling units shall be incidental in size and appearance to the primary residence and meet the following standards:

- (a) One of the residences is owner occupied.
- (b) The size of an ADU does not exceed 50 percent of the gross floor area of the primary residence (excluding garages or carports) or 750 square feet, whichever is less. (Note: ADUs greater than 750 square feet that were legally constructed before July 1, 2007, may remain.)
- (c) At least three off-street parking spaces are provided on the property to serve the two residences. [Ord. 5338, 1/28/98]
- (d) All required building permits have been obtained. If the primary residence is on the Local Historic Inventory, historic review may be required.
- (e) The size of the property meets the minimum single-family lot area requirements for the zoning district in which the lot is located. [Ord. 5338, 1/28/98; Ord. 5673, 6/27/07]

Detached ADUs must also meet the following development standards:

Front Setback: Greater than or equal to the location of the front wall of the primary residence; and

Interior Setback: 5 feet for one-story; 8 feet for two-story; and

Maximum Height: 24 feet to the ridge of the roof. [Ord. 5673, 6/27/07]

- (5) In the RM District, the following criteria must be met in addition to the Conditional Use criteria for permitting RV overnight parks:
 - (a) The entire site must be located within 750 feet of the Interstate 5 right-of-way.
 - (b) The RV park access is limited to the Interstate 5 frontage road or streets servicing primarily industrial or commercial development.
- (6) “Child Care Homes” that includes the day or night time care of no more than sixteen children, including the children of the provider or the care and treatment of adults for less than 24-hours are considered a residential use of the property and are allowed outright in zones that allow single-family homes per the Oregon Revised Statutes (ORS). See ADC Section 22.200. [Ord. 5673, 6/27/07]
- (7) Bed and Breakfast facilities shall:
 - (a) Be owner occupied.
 - (b) Be limited to a maximum of four guest bedrooms.
 - (c) Except for driveway spaces, not contain guest parking facilities in the front setback area or within 10 feet of any interior residential lot line. [Ord. 5742, 7/14/10]
 - (d) Provide at least one off-street parking space for each rental room, except in the HM zone, where on-street parking along the frontage of the property line(s) may count toward the parking requirements. To count towards this standard, each on-street space must be at least 25 feet long. [Ord. 5673, 6/27/07, Ord. 5768, 12/7/11]

- (c) For projects that are affordable for persons whose income is equal to, or less than, .8 times the median income for Linn or Benton Counties – 15 percent density increase.

[Ord. 5673, 6/27/07]

Affordable means that the annual mortgage payments, with no more than a 10% down payment required, or the annual rent for a unit equals no more than 28 percent of the income level for which the density bonus points are being applied. Projects must have a guaranteed sale price, interest, or rental price, and include contractual obligations for continued availability to low- and moderate-income persons.

Alley Access

- (7) Lots with alley access may be up to 10 percent smaller than the minimum lot size for the zone.

[Ord. 5338, 1/28/98; Ord. 5445, 4/12/00]

SETBACKS

3.230 Setback Measurements. All setbacks must meet the minimum standards as set forth in Tables 1 and 2 in this Article, as appropriate. Setback distances shall be measured perpendicular to all portions of a property line. In addition to the setbacks in this article, all development must comply with Section 12.180, Clear Vision Area. See also Table 2, Accessory Structure Standards. [Ord. 5673, 6/27/07]

Decks greater than 30 inches from grade	Interior setback = 5 feet

(1) Zero-lot line provisions are in Sections 3.265 and 3.270.

[Ord. 5832, 4/9/14]

(2) The slab or foundation of accessory structures is not included in the wall height unless it is greater than 24-inches from the ground.

ARTICLE 4 COMMERCIAL AND INDUSTRIAL ZONING DISTRICTS

- 4.010 Overview. The zones created in this article are intended to provide land for commercial, office and industrial uses. The differences among the zones, in the permitted uses and development standards, reflect the existing and potential intensities of commercial and industrial development. The site development standards allow for flexibility of development while minimizing impacts on surrounding uses. The regulations in this article promote uses and development that will enhance the economic viability of specific commercial and industrial areas and the city as a whole. Development may also be subject to the provisions in Article 8, Design Standards, Article 9, On-Site Development and Environmental Standards, and Article 12, Public Improvements. Sites within overlay districts are also subject to the provisions in Article 6, Special Purpose Districts, and Article 7, Historic Overlay Districts. [Ord. 5555, 2/7/03]

The following list is a summary of the topics covered in this article:

- Zoning Districts
- Schedule of Permitted Uses
- Development Standards
- Airport Approach Overlay District

ZONING DISTRICTS

- 4.020 Establishment of Commercial and Industrial Zoning Districts. In order to regulate and segregate the uses of lands and buildings and to regulate the density of development, the following commercial and industrial zoning districts are created:

- (1) OP – OFFICE PROFESSIONAL DISTRICT. The OP district is intended to provide a vertical or horizontal mix of professional offices, personal services, live-work, residential and limited related commercial uses in close proximity to residential and commercial districts. The limited uses allowed in this district are selected for their compatibility with residential uses and the desired character of the neighborhood. OP is typically appropriate along arterial or collector streets as a transitional or buffer zone between residential and more intense commercial or industrial districts.
- (2) NC – NEIGHBORHOOD COMMERCIAL DISTRICT. The NC district is intended primarily for small areas of retail establishments serving nearby residents' frequent needs in convenient locations. The NC District is typically appropriate for small clusters or service centers located at intersections within residential neighborhoods. Businesses should fit into the residential pattern of development and not create land use, architectural or traffic conflicts. Generally, uses located within NC Districts should have as their primary market area the population within a one-half mile radius.
- (3) CC – COMMUNITY COMMERCIAL DISTRICT. The CC district recognizes the diversity of small to medium-scale businesses, services and sites mostly located on arterial streets and highways. Design guidelines, building location and front-yard landscaping will provide a coordinated and enhanced community image along these major transportation corridors as they develop or redevelop. Sound and visual buffers should be used to mitigate impacts on nearby residential areas.

SPECIAL CONDITIONS

4.060 **General.** Where numbers appear in the “Special Conditions” column or in a particular cell in the Schedule of Permitted Uses, the corresponding numbered conditions below shall apply to the particular use category as additional clarification or restriction:

(1) Contractors and Industrial Services in the CC, TD, IP and LI zones.

(a) Limited Uses. Salvage or wrecking operations are prohibited in the CC, TD, IP, and LI zones. See Section 4.290 for outside storage standards.

(2) Manufacturing and Production. The environmental performance standards of Article 9 may limit the placement of certain uses in some districts. If the site is located within 300 feet of residentially zoned land, the use may require a Conditional Use approval.

(3) Manufacturing in the CC zone. Manufacturing uses in CC must have a retail storefront and sell their products to the public on site.

(4) Waste and Recycling Related Uses in the CC, LI, and HI zones.

(a) Limited uses in CC. Only processing and sorting operations conducted within enclosed structures less than 5,000 sq. ft. in total area are considered with a conditional use review.

(b) Limited uses in LI. Processing and sorting operations conducted within enclosed structures less than 5,000 sq. ft. in total area are allowed with Site Plan Review. Salvage yards, junkyards, and refuse transfer stations are not permitted. All other material and recycling operations are considered through a conditional use review.

(c) Limited uses in HI. Processing and sorting operations conducted within enclosed structures less than 5,000 sq. ft. in total area and all other material and recycling operations, excluding salvage yards and junkyards, are allowed with Site Plan Review. Salvage yards, junkyards, sanitary landfills, and refuse transfer stations require a conditional use review.

(5) Wholesale Sales in the IP zone. This use is allowed in IP only if all operations and storage are conducted entirely within enclosed buildings.

tennis courts, bike paths, picnic shelters, restrooms, landscaping, and similar activities in existing improved parks.

- (18) Non-Residential Accessory Buildings over 750 square feet in the OP zone require Site Plan Review. [Ord. 5742, 7/14/10]

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. Proposed revisions to special condition 19 satisfy this ORS requirement by allowing ADUs to be constructed in the Office Professional (OP) zone, where single-family detached homes are permitted outright. Since ADC Article 4 does not have standards governing ADUs, proposed revisions require a new ADU to comply with the ADU standards in Article 5 – Mixed Use Zoning Districts. A revised definition of an ADU is provided in Article 22 – Definitions.

- (19) Single-Family and Two-Family Units in the OP zone. Single-family residences are allowed outright. Attached single-family and two-family residences require a conditional use review. One accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”. The ADU shall comply with the standards for ADUs in ADC 5.070(15).

[Ord. 5742, 7/14/10]

- (20) Existing Single-Family Homes. Single-family homes built before December 11, 2002, in any commercial or industrial zone may remain as a permitted use without being nonconforming. New single-family homes are not permitted unless allowed in the zoning district. See Section 4.075. Single-family includes attached units, one unit per lot.

- (21) Residential Accessory Buildings, except Accessory Dwelling Units, are permitted outright with residential uses if they meet the following conditions:

- (a) Detached accessory buildings, garages and carports are less than 750 square feet and have walls equal to or less than 11 feet tall.
- (b) All other residential district accessory buildings, garages or carports require a site plan review.

[Ord. 5767, 12/7/11]

- (22) Agriculture. All agricultural uses established before January 8, 2003, are allowed to remain. New agriculture uses are limited to the raising of crops and plants on vacant land. The raising of livestock as a new use is not permitted. Regulations governing the keeping of animals/livestock are found in the Albany Municipal Code Title 6.

[Ord. 5742, 7/14/10]

- (23) Communication Facility Placement Standards. Where allowed, Communication Towers and Poles over 50 feet in height when measured from the ground or over 15 feet above a rooftop are not permitted in front yard setbacks and must meet the standards in Section 8.500.

[Ord. 5886, 1/6/17]

Placement of antennas, satellite dish antennas, and monopoles less than 50 feet tall when measured from the ground; or when located on a rooftop, within 15 feet of a rooftop, is permitted outright in all districts subject to the following standards:

- (a) Antennas or antenna supports. Satellite dishes and monopoles shall not be located within any front yard setback area or within any required landscape buffer yard.
- (b) Dish antennas larger than three feet in diameter, and located within ten feet of a residential lot line or visible from a public street shall be screened with a six-foot solid screen fence, wall, hedge, or other landscaping.
- (c) Antennas used to display sign messages shall conform to all district sign regulations in

MIXED USE ZONING DISTRICTS**

5.000 Purpose. This article is intended to define the character of Albany’s mixed-use zoning districts. The mixed-use zones implement the concepts identified in the Balanced Development Patterns Project (2001) and the Town Center Plan (Central Albany Land Use and Transportation Study, CALUTS, 1996). These zoning districts are compatible with the Village Center Comprehensive Plan designation applied in the Central Albany area, North Albany, east of Interstate 5 on Knox Butte Road, and south of Oak Creek near Highway 99E (Pacific Boulevard). The mixed-use zones may be applied outside of the Village Center plan designation. [Ord. 5555, 2/7/03]

5.020 Overview. The mixed-use zoning districts are the center of neighborhood and commercial activity, providing a horizontal or vertical mix of retail and residential uses to serve nearby neighborhoods. Other uses may include offices, and community and personal services. Centers are easily accessible to nearby residences, are pedestrian-friendly, and relate to adjacent land uses. Commercial uses must fit the scale of adjacent neighborhoods and the desired character envisioned for each Village Center or mixed-use area. The mixed-use zones differ in permitted uses, development standards, and design based on the unique objectives of each area. Design standards may be adopted to define the unique architectural and streetscape features of each area. [Ord. 5894, 10/14/17]

Development may also be subject to the provisions in Article 8, Design Standards; Article 9, On-Site Development and Environmental Standards; and Article 12, Public Improvements. Sites within overlay districts are also subject to the provisions of Article 6, Special Purpose Districts, and Article 7, Historic Overlay Districts.

The list below is a summary of the topics covered in this article.

ZONING DISTRICTS

5.030 Establishment of Mixed Use Zoning Districts. In order to implement the mixed-use and livability concepts in the Town Center and Albany Comprehensive Plans, the following zoning districts are created:

- (1) HD – HISTORIC DOWNTOWN DISTRICT. The HD district is intended for a dense mixture of uses with an emphasis on entertainment, theaters, restaurants, nightlife and specialty shops. High-density residential infill on upper floors is encouraged, as is the continued presence of the government center and supporting uses. [Ord. 5894, 10/14/17]
- (2) DMU – DOWNTOWN MIXED USE DISTRICT. The DMU district is intended for a mix of retail, services, institutions, offices, and housing that supports businesses in and around the Historic Downtown District. Mixed uses are encouraged both horizontally and vertically. High-density residential infill and office employment are both encouraged. [Ord. 5894, 10/14/17]
- (3) CB – DOWNTOWN CENTRAL BUSINESS DISTRICT. The CB district is intended for a broad mix of residential and non-residential uses. Mixed uses are encouraged both horizontally and vertically. High-density residential infill is encouraged to support nearby businesses. [Ord. 5894, 10/14/17]
- (4) MUR – MIXED USE RESIDENTIAL DISTRICT. The MUR district is intended primarily to create a residential district that allows a mixture of neighborhood commercial uses that meet the daily needs of area residents. [Ord. 5673, 6/27/07]

A number appearing opposite a use in the “special conditions” column indicates that special provisions apply to the use in all zones. A number in a cell particular to a use and zone(s) indicates that special provisions apply to the use category for that zone(s). These conditions are found following the schedule in Section 5.070. [Ord. 5555, 2/7/03; Ord. 5673, 6/27/07]

SPECIAL CONDITIONS

5.070 General. Where numbers appear in the “Special Conditions” column or in any cell in the Schedule of Permitted Uses, the corresponding numbered conditions below shall apply to the particular use category as additional clarification or restriction:

- (13) Public park development activity subject to conditional use review includes major development; expansions of activities and development within parks which currently generate substantial traffic; or construction of major structures such as swimming pools, lighted ball fields, and community centers. Conditional use review is not required, however, for construction of play equipment, tennis courts, bike paths, picnic shelters, restrooms, landscaping, and similar activities within existing improved parks.
- (14) Residential Care or Treatment Facility. A residential care facility (six or more residents) requires a Site Plan Review. A “residential home” (as defined in ORS Chapter 443) or group home that includes five or fewer residents is permitted outright in any zone that allows single-family residences. [Ord. 5673, 6/27/07; Ord. 5742, 7/14/10]

ORS 197.312 requires that at least one ADU be allowed for each single-family dwelling, subject to reasonable siting and design regulations. As proposed, ADC Section 5.070(15) satisfies this ORS requirement by removing the restrictions on detached ADUs and allowing ADUs in all Article 5 zones where a single-detached house is permitted outright, including the MUR zone. A revised definition of an ADU is provided in Article 22 – Definitions.

- (15) Existing Single- and Two-Family. Single-family and two-family units built before December 11, 2002, may remain as a permitted use in any zone without being nonconforming. See Section 5.080. [Ord. 5673, 6/27/07]

Accessory Dwelling Units. Where detached single-family residences are permitted outright, one accessory dwelling unit (ADU) may be allowed per legally established detached single-family residence, called the “primary residence”.

Accessory dwelling units shall be incidental in size and appearance to the primary residence and meet the following standards:

- (a) One of the residences is owner-occupied.
 - (b) The size of an ADU may not exceed 50 percent of the gross floor area of the primary residence (excluding garages or carports) or 750 square feet, whichever is less.
 - (c) The size of the property meets the minimum single-family lot area requirements for the zoning district in which the lot is located.
 - (d) The front door of an ADU may not be located on the same façade as the front door of the primary residence unless the door already exists or the wall that contains the ADU front door is set back at least five feet from the front facade of the primary residence.
 - (e) At least three off-street parking spaces are provided on the property to serve the two residences.
 - (f) Exterior additions must substantially match the existing materials, colors, and finish of the primary structure.
 - (g) All required building permits must be obtained. If the primary residence is on the Local Historic Inventory, historic review may be required.
 - (h) The front setback shall be greater than or equal to the location of the front wall of the primary residence. [Ord. 5673, 6/27/07]
- (16) Single-Family and Two-Family Units.
- (a) Limited Uses in DMU, CB, ES, LE, and WF. New construction of single-family units is limited to attached units (one unit per lot or condominiums) and two-family units (a duplex). [Ord. 5742, 7/14/10; Ord. 5894, 10/14/17]
 - (b) In CB, ES, DMU, and LE: Buildings originally built as a single-family house or church may be converted to a single-family residential use without requiring a land use application.

Attachment B.14

[Ord. 5673, 6/27/07; Ord. 5894, 10/14/17]

- (c) Limited Uses in HD: Buildings originally built as a single-family house or church may be converted to a single-family residential use without requiring a land use application. All other single-family and two-family units are prohibited.
- (d) In CB, WF, and DMU: Single-family attached units and two-family units with driveways that meet the standards in ADC 8.150(1) are permitted subject to site plan review. All other single-family attached units and two-family units may be considered through a Conditional Use review.

(17) Residential Development in CB, HD, MS, ES, and MUC. [Ord. 5894, 10/14/17]

- (a) In MS and ES, dwelling units at the street level are discouraged unless located behind a retail, service or office storefront. [Ord. 5894, 10/14/17]
- (b) In MUC, residential development shall develop at a minimum gross density of 10 units an acre. Residences above a business or office are exempt from meeting the minimum density. [Ord. 5556, 2/21/03]
- (c) In HD, dwelling units above or attached to a business are limited as follows. For the purposes of this section, the non-residential portion of a live/work dwelling unit is regulated as part of the dwelling unit and subject to all of the standards below. [Ord. 5894, 10/14/17]
 - i. Units above a business: Dwelling units on the second story or above are permitted. [Ord. 5894, 10/14/17]
 - ii. Units behind a business: Dwelling units on the first story that are separated from the front lot line by a non-residential use are permitted. The non-residential use may be located within the same building or in another building. [Ord. 5894, 10/14/17]
 - iii. Units attached to a business on a multiple frontage lot: On a lot with three or more street frontages, dwelling units are permitted on the first story facing a street line that is considered an interior lot line pursuant to the definition of front lot line in Article 22; however, in no case shall first-story dwelling units face onto First or Second Avenue. Street-facing first-story dwelling units shall meet all applicable setbacks and design standards in Articles 5 and 8 as if the street line that the units are facing were a front lot line. [Ord. 5894, 10/14/17]
 - iv. All other units above or attached to a business are prohibited. [Ord. 5894, 10/14/17]
- (d) In CB, WF, and DMU, multifamily units with individual driveways that do not meet the standards of 8.150(1) may be considered through a Conditional Use review. All other multifamily units are permitted subject to site plan review. [Ord. 5894, 10/14/17]

(18) Residential Accessory Buildings. Accessory buildings are permitted outright in MUC, MUR, WF, HD, DMU, CB, ES, LE, and MS if they meet the following conditions: [Ord. 5894, 10/14/17]

- (a) Detached accessory buildings, garages, and carports are less than 750 square feet and have walls equal to or less than 11 feet tall. [Ord. 5767, 12/7/11]

All other residential accessory buildings, garages or carports require a Site Plan Review in MUC, MUR, HD, DMU, CB, and WF, and are considered through a Conditional Use Type II review in ES, LE, and MS. [This is indicated by the use of a “/” in the matrix. For example, “Y/S” means accessory uses that don’t meet the standards in (a) above require a Site Plan Review.]

[Ord. 5556, 2/21/03; Ord. 5767, 12/7/11; Ord. 5894, 10/14/17]

Accessory buildings on the National Register of Historic Districts require historic review. See Article 7 for the review process and criteria.

Accessory dwelling units see Special Condition 15. [Ord. 5673, 6/27/07]

Single-Family Homes. Notwithstanding the restrictions or terms of any other section of the Albany Development Code (ADC), all single-family residential units legally established before January 1, 2002, shall be deemed to be conforming to the base zoning district. If any building on these properties is substantially destroyed, as defined in ADC Section 2.340(4), it may be rebuilt to the same density, size (square feet) and setbacks as existed on the property at the time it was destroyed, but will be subject to the regulations of any applicable overlay zone. If any single-family dwelling is converted to non-residential use, the special status granted here is rescinded, and the use of the property shall thereafter conform to the requirements of Article 5. ARTICLE 8 DESIGN STANDARDS

8.000 Overview. The purpose of this Article is to establish additional standards for certain uses. These standards are intended to reduce adverse effects on surrounding property owners and the general public, to create a business environment that is safe and comfortable, to further energy conservation efforts within the City, to enhance the environment for walking, cycling, and mass transit use, and to ensure that high-quality development is maintained throughout Albany.

The following list is a summary of the topics covered in this article.

- Single-Family Homes
- Multiple Family Development
- Commercial and Institutional Site Design
- Supplemental Standards in Village Centers
- Telecommunications Facilities
- Supplemental Design Standards for the Oak Creek Transition Area
[Ord. 5445, 4/12/00, Ord. 5801, 2/13/13; Ord. 5832, 4/9/14]

SINGLE-FAMILY HOMES

8.100 Purpose. The design standards for single-family homes are intended to create pedestrian-friendly, sociable, safe and attractive neighborhoods through human-scale design. These standards emphasize the functional relationship between the home and the street. Compatibility standards protect the architectural character of existing neighborhoods. These design standards are adaptable to many different architectural styles. [Ord. 5445, 4/12/00]

ADC 8.110(3) has been modified, below, to make it clear that Design Standards do not apply to detached accessory dwelling units.

8.110 Applicability.

- (1) The standards of ADC Sections 8.110 through 8.160 apply to all new single-family detached units, manufactured homes, two-family units (duplexes), and single family attached units on individual lots in all zones that allow single-family housing, except as otherwise noted. [Ord. 5894, 10/14/17]
- (2) In addition, except as otherwise noted, the standards of ADC Sections 8.110 through 8.160 apply to multifamily units with individual driveways permitted pursuant to ADC 12.100(2) that are located in the WF, CB, or DMU zone, or in the HD zone in a building where ground-floor residential use is permitted pursuant to ADC 5.070(17). [Ord. 5894, 10/14/17]
- (3) These standards do not apply to detached accessory dwelling units, existing structures, new additions to existing structures, or to manufactured home parks. [Ord. 5894, 10/14/17]
- (4) Development on flag lots or on lots that slope up or down from the street with an average slope of 20 percent or more is exempt from these standards. [Ord. 5445, 4/12/00; Ord. 5894, 10/14/17]

8.120 Relationship to Historic Overlay Districts. For property inside the Historic Overlay Districts and properties designated as Historic Landmarks, the provisions in Article 7 also apply. For development subject to historic review under Article 7, the review body may grant flexibility in meeting any of the design standards where necessary to achieve historic compatibility. [Ord. 5445, 4/12/00; Ord. 5894, 10/14/17]

Be It Enacted by the People of the State of Oregon:

SECTION 1. (1) As used in this section:

(a) "Affordable housing" means housing that is affordable to households with incomes equal to or less than 60 percent of the median family income for the county in which the development is built or for the state, whichever is greater.

(b) "Multifamily residential building" means a building in which three or more residential units each have space for eating, living and sleeping and permanent provisions for cooking and sanitation.

(2) Notwithstanding ORS 215.427 (1) or ORS 227.178 (1), a city with a population greater than 5,000 or a county with a population greater than 25,000 shall take final action on an application qualifying under subsection (3) of this section, including resolution of all local appeals under ORS 215.422 or 227.180, within 100 days after the application is deemed complete.

(3) An application qualifies for final action within the timeline described in subsection (2) of this section if:

(a) The application is submitted to the city or the county under ORS 215.416 or 227.175;

(b) The application is for development of a multifamily residential building containing five or more residential units within the urban growth boundary;

(c) At least 50 percent of the residential units included in the development will be sold or rented as affordable housing; and

(d) The development is subject to a covenant appurtenant that restricts the owner and each successive owner of the development or a residential unit within the development from selling or renting any residential unit described in paragraph (c) of this subsection as housing that is not affordable housing for a period of 60 years from the date of the certificate of occupancy.

(4) A city or a county shall take final action within the time allowed under ORS 215.427 or 227.178 on any application for a permit, limited land use decision or zone change that does not qualify for review and decision under subsection (3) of this section, including resolution of all appeals under ORS 215.422 or 227.180, as provided by ORS 215.427 and 215.435 or by ORS 227.178 and 227.181.

SECTION 2. ORS 215.416 is amended to read:

215.416. (1) When required or authorized by the ordinances, rules and regulations of a county, an owner of land may apply in writing to such persons as the governing body designates, for a permit, in the manner prescribed by the governing body. The governing body shall establish fees charged for processing permits at an amount no more than the actual or average cost of providing that service.

(2) The governing body shall establish a consolidated procedure by which an applicant may apply at one time for all permits or zone changes needed for a development project. The consolidated procedure shall be subject to the time limitations set out in ORS 215.427. The consolidated procedure shall be available for use at the option of the applicant no later than the time of the first periodic review of the comprehensive plan and land use regulations.

(3) Except as provided in subsection (11) of this section, the hearings officer shall hold at least one public hearing on the application.

(4)(a) *[The application shall not be approved]* **A county may not approve an application** if the proposed use of land is found to be in conflict with the comprehensive plan of the county and other applicable land use regulation or ordinance provisions. The approval may include such conditions as are authorized by statute or county legislation.

(b)(A) A county may not deny an application for a housing development located within the urban growth boundary if the development complies with clear and objective standards, including but not limited to clear and objective design standards contained in the county comprehensive plan or land use regulations.

(B) This paragraph does not apply to:

(i) Applications or permits for residential development in areas described in ORS 197.307 (5); or

(ii) Applications or permits reviewed under an alternative approval process adopted under ORS 197.307 (6).

(c) A county may not reduce the density of an application for a housing development if:

(A) The density applied for is at or below the authorized density level under the local land use regulations; and

(B) At least 75 percent of the floor area applied for is reserved for housing.

(d) A county may not reduce the height of an application for a housing development if:

(A) The height applied for is at or below the authorized height level under the local land use regulations;

(B) At least 75 percent of the floor area applied for is reserved for housing; and

(C) Reducing the height has the effect of reducing the authorized density level under local land use regulations.

(e) Notwithstanding paragraphs (c) and (d) of this subsection, a county may reduce the density or height of an application for a housing development if the reduction is necessary to resolve a health, safety or habitability issue or to comply with a protective measure adopted pursuant to a statewide land use planning goal.

(f) As used in this subsection:

(A) "Authorized density level" means the maximum number of lots or dwelling units or the maximum floor area ratio that is permitted under local land use regulations.

(B) "Authorized height level" means the maximum height of a structure that is permitted under local land use regulations.

(C) "Habitability" means being in compliance with the applicable provisions of the state building code under ORS chapter 455 and the rules adopted thereunder.

(5) Hearings under this section shall be held only after notice to the applicant and also notice to other persons as otherwise provided by law and shall otherwise be conducted in conformance with the provisions of ORS 197.763.

(6) Notice of a public hearing on an application submitted under this section shall be provided to the owner of an airport defined by the Oregon Department of Aviation as a "public use airport" if:

(a) The name and address of the airport owner has been provided by the Oregon Department of Aviation to the county planning authority; and

(b) The property subject to the land use hearing is:

(A) Within 5,000 feet of the side or end of a runway of an airport determined by the Oregon Department of Aviation to be a “visual airport”; or

(B) Within 10,000 feet of the side or end of the runway of an airport determined by the Oregon Department of Aviation to be an “instrument airport.”

(7) Notwithstanding the provisions of subsection (6) of this section, notice of a land use hearing need not be provided as set forth in subsection (6) of this section if the zoning permit would only allow a structure less than 35 feet in height and the property is located outside the runway “approach surface” as defined by the Oregon Department of Aviation.

(8)(a) Approval or denial of a permit application shall be based on standards and criteria which shall be set forth in the zoning ordinance or other appropriate ordinance or regulation of the county and which shall relate approval or denial of a permit application to the zoning ordinance and comprehensive plan for the area in which the proposed use of land would occur and to the zoning ordinance and comprehensive plan for the county as a whole.

(b) When an ordinance establishing approval standards is required under ORS 197.307 to provide only clear and objective standards, the standards must be clear and objective on the face of the ordinance.

(9) Approval or denial of a permit or expedited land division shall be based upon and accompanied by a brief statement that explains the criteria and standards considered relevant to the decision, states the facts relied upon in rendering the decision and explains the justification for the decision based on the criteria, standards and facts set forth.

(10) Written notice of the approval or denial shall be given to all parties to the proceeding.

(11)(a)(A) The hearings officer or such other person as the governing body designates may approve or deny an application for a permit without a hearing if the hearings officer or other designated person gives notice of the decision and provides an opportunity for any person who is adversely affected or aggrieved, or who is entitled to notice under paragraph (c) of this subsection, to file an appeal.

(B) Written notice of the decision shall be mailed to those persons described in paragraph (c) of this subsection.

(C) Notice under this subsection shall comply with ORS 197.763 (3)(a), (c), (g) and (h) and shall describe the nature of the decision. In addition, the notice shall state that any person who is adversely affected or aggrieved or who is entitled to written notice under paragraph (c) of this subsection may appeal the decision by filing a written appeal in the manner and within the time period provided in the county’s land use regulations. A county may not establish an appeal period that is less than 12 days from the date the written notice of decision required by this subsection was mailed. The notice shall state that the decision will not become final until the period for filing a local appeal has expired. The notice also shall state that a person who is mailed written notice of the decision cannot appeal the decision directly to the Land Use Board of Appeals under ORS 197.830.

(D) An appeal from a hearings officer’s decision made without hearing under this subsection shall be to the planning commission or governing body of the county. An appeal from such other person as the governing body designates shall be to a hearings officer, the planning commission or the governing body. In either case, the appeal shall be to a de novo hearing.

(E) The de novo hearing required by subparagraph (D) of this paragraph shall be the initial evidentiary hearing required under ORS 197.763 as the basis for an appeal to the Land Use Board of Appeals. At the de novo hearing:

(i) The applicant and other parties shall have the same opportunity to present testimony, arguments and evidence as they would have had in a hearing under subsection (3) of this section before the decision;

(ii) The presentation of testimony, arguments and evidence shall not be limited to issues raised in a notice of appeal; and

(iii) The decision maker shall consider all relevant testimony, arguments and evidence that are accepted at the hearing.

(b) If a local government provides only a notice of the opportunity to request a hearing, the local government may charge a fee for the initial hearing. The maximum fee for an initial hearing shall be the cost to the local government of preparing for and conducting the appeal, or \$250, whichever is less. If an appellant prevails at the hearing or upon subsequent appeal, the fee for the initial hearing shall be refunded. The fee allowed in this paragraph shall not apply to appeals made by neighborhood or community organizations recognized by the governing body and whose boundaries include the site.

(c)(A) Notice of a decision under paragraph (a) of this subsection shall be provided to the applicant and to the owners of record of property on the most recent property tax assessment roll where such property is located:

(i) Within 100 feet of the property that is the subject of the notice when the subject property is wholly or in part within an urban growth boundary;

(ii) Within 250 feet of the property that is the subject of the notice when the subject property is outside an urban growth boundary and not within a farm or forest zone; or

(iii) Within 750 feet of the property that is the subject of the notice when the subject property is within a farm or forest zone.

(B) Notice shall also be provided to any neighborhood or community organization recognized by the governing body and whose boundaries include the site.

(C) At the discretion of the applicant, the local government also shall provide notice to the Department of Land Conservation and Development.

(12) A decision described in ORS 215.402 (4)(b) shall:

(A) The street address or other easily understood geographic reference to the subject property;

(B) The date of the decision; and

(C) A description of the decision made.

(b) Be subject to the jurisdiction of the Land Use Board of Appeals in the same manner as a limited land use decision.

(c) Be subject to the appeal period described in ORS 197.830 (5)(b).

(13) At the option of the applicant, the local government shall provide notice of the decision described in ORS 215.402 (4)(b) in the manner required by ORS 197.763 (2), in which case an appeal to the board shall be filed within 21 days of the decision. The notice shall include an explanation of appeal rights.

(14) Notwithstanding the requirements of this section, a limited land use decision shall be subject to the requirements set forth in ORS 197.195 and 197.828.

SECTION 3. ORS 227.175 is amended to read:

227.175. (1) When required or authorized by a city, an owner of land may apply in writing to the hearings officer, or such other person as the city council designates, for a permit or zone change, upon such forms and in such a manner as the city council prescribes. The governing body shall establish fees charged for processing permits at an amount no more than the actual or average cost of providing that service.

(2) The governing body of the city shall establish a consolidated procedure by which an applicant may apply at one time for all permits or zone changes needed for a development project. The consolidated procedure shall be subject to the time limitations set out in ORS 227.178. The consolidated procedure shall be available for use at the option of the applicant no later than the time of the first periodic review of the comprehensive plan and land use regulations.

(3) Except as provided in subsection (10) of this section, the hearings officer shall hold at least one public hearing on the application.

(4)(a) *[The application shall not be approved]* **A city may not approve an application** unless the proposed development of land would be in compliance with the comprehensive plan for the city and other applicable land use regulation or ordinance provisions. The approval may include such conditions as are authorized by ORS 227.215 or any city legislation.

(b)(A) A city may not deny an application for a housing development located within the urban growth boundary if the development complies with clear and objective standards, including but not limited to clear and objective design standards contained in the city comprehensive plan or land use regulations.

(B) This paragraph does not apply to:

(i) Applications or permits for residential development in areas described in ORS 197.307 (5); or

(ii) Applications or permits reviewed under an alternative approval process adopted under ORS 197.307 (6).

(c) A city may not reduce the density of an application for a housing development if:

(A) The density applied for is at or below the authorized density level under the local land use regulations; and

(B) At least 75 percent of the floor area applied for is reserved for housing.

(d) A city may not reduce the height of an application for a housing development if:

(A) The height applied for is at or below the authorized height level under the local land use regulations;

(B) At least 75 percent of the floor area applied for is reserved for housing; and

(C) Reducing the height has the effect of reducing the authorized density level under local land use regulations.

(e) Notwithstanding paragraphs (c) and (d) of this subsection, a city may reduce the density or height of an application for a housing development if the reduction is necessary to resolve a health, safety or habitability issue or to comply with a protective measure adopted pursuant to a statewide land use planning goal.

(f) As used in this subsection:

(B) Within 10,000 feet of the side or end of the runway of an airport determined by the Oregon Department of Aviation to be an "instrument airport."

(7) Notwithstanding the provisions of subsection (6) of this section, notice of a zone use hearing need only be provided as set forth in subsection (6) of this section if the permit or zone change would only allow a structure less than 35 feet in height and the property is located outside of the runway "approach surface" as defined by the Oregon Department of Aviation.

(8) If an application would change the zone of property that includes all or part of a mobile home or manufactured dwelling park as defined in ORS 446.003, the governing body shall give written notice by first class mail to each existing mailing address for tenants of the mobile home

or manufactured dwelling park at least 20 days but not more than 40 days before the date of the first hearing on the application. The governing body may require an applicant for such a zone change to pay the costs of such notice.

(9) The failure of a tenant or an airport owner to receive a notice which was mailed shall not invalidate any zone change.

(10)(a)(A) The hearings officer or such other person as the governing body designates may approve or deny an application for a permit without a hearing if the hearings officer or other designated person gives notice of the decision and provides an opportunity for any person who is adversely affected or aggrieved, or who is entitled to notice under paragraph (c) of this subsection, to file an appeal.

A city may not establish an appeal period that is less than 12 days from the date the written notice of decision required by this subsection was mailed. The notice shall state that the decision will not become final until the period for filing a local appeal has expired. The notice also shall state that a person who is mailed written notice of the decision cannot appeal the decision directly to the Land Use Board of Appeals under ORS 197.830.

(D) An appeal from a hearings officer's decision made without hearing under this subsection shall be to the planning commission or governing body of the city. An appeal from such other person as the governing body designates shall be to a hearings officer, the planning commission or the governing body. In either case, the appeal shall be to a de novo hearing.

(E) The de novo hearing required by subparagraph (D) of this paragraph shall be the initial evidentiary hearing required under ORS 197.763 as the basis for an appeal to the Land Use Board of Appeals. At the de novo hearing:

(ii) The presentation of testimony, arguments and evidence shall not be limited to issues raised in a notice of appeal; and

(iii) The decision maker shall consider all relevant testimony, arguments and evidence that are accepted at the hearing.

(2) Many persons of lower, middle and fixed income depend on government assisted housing as a source of affordable, decent, safe and sanitary housing.

(3) When a need has been shown for housing within an urban growth boundary at particular price ranges and rent levels, needed housing shall be permitted in one or more zoning districts or in zones described by some comprehensive plans as overlay zones with sufficient buildable land to satisfy that need.

(4) Except as provided in subsection (6) of this section, a local government may adopt and apply only clear and objective standards, conditions and procedures regulating the development of hous-

ing, including needed housing [*on buildable land described in subsection (3) of this section*]. The standards, conditions and procedures:

(a) May include, but are not limited to, one or more provisions regulating the density or height of a development.

(b) May not have the effect, either in themselves or cumulatively, of discouraging needed housing through unreasonable cost or delay.

(5) The provisions of subsection (4) of this section do not apply to:

(a) An application or permit for residential development in an area identified in a formally adopted central city plan, or a regional center as defined by Metro, in a city with a population of 500,000 or more.

(b) The approval criteria for the alternative approval process comply with applicable statewide land use planning goals and rules; and

(c) The approval criteria for the alternative approval process authorize a density at or above the density level authorized in the zone under the approval process provided in subsection (4) of this section.

(7) Subject to subsection (4) of this section, this section does not infringe on a local government's prerogative to:

(a) Set approval standards under which a particular housing type is permitted outright;

(b) Impose special conditions upon approval of a specific development proposal; or

(c) Establish approval procedures.

(8) In accordance with subsection (4) of this section and ORS 197.314, a jurisdiction may adopt any or all of the following placement standards, or any less restrictive standard, for the approval of manufactured homes located outside mobile home parks:

(b) The manufactured home shall be placed on an excavated and back-filled foundation and enclosed at the perimeter such that the manufactured home is located not more than 12 inches above grade.

(c) The manufactured home shall have a pitched roof, except that no standard shall require a slope of greater than a nominal three feet in height for each 12 feet in width.

(d) The manufactured home shall have exterior siding and roofing which in color, material and appearance is similar to the exterior siding and roofing material commonly used on residential dwellings within the community or which is comparable to the predominant materials used on surrounding dwellings as determined by the local permit approval authority.

(f) The manufactured home shall have a garage or carport constructed of like materials. A jurisdiction may require an attached or detached garage in lieu of a carport where such is consistent with the predominant construction of immediately surrounding dwellings.

(g) In addition to the provisions in paragraphs (a) to (f) of this subsection, a city or county may subject a manufactured home and the lot upon which it is sited to any development standard, ar-

chitectural requirement and minimum size requirement to which a conventional single-family residential dwelling on the same lot would be subject.

SECTION 6. ORS 197.312 is amended to read:

197.312. (1) A city or county may not by charter prohibit from all residential zones attached or detached single-family housing, multifamily housing for both owner and renter occupancy or manufactured homes. A city or county may not by charter prohibit government assisted housing or impose additional approval standards on government assisted housing that are not applied to similar but unassisted housing.

(2)(a) A single-family dwelling for a farmworker and the farmworker's immediate family is a permitted use in any residential or commercial zone that allows single-family dwellings as a permitted use.

(b) A city or county may not impose a zoning requirement on the establishment and maintenance of a single-family dwelling for a farmworker and the farmworker's immediate family in a residential or commercial zone described in paragraph (a) of this subsection that is more restrictive than a zoning requirement imposed on other single-family dwellings in the same zone.

(3)(a) Multifamily housing for farmworkers and farmworkers' immediate families is a permitted use in any residential or commercial zone that allows multifamily housing generally as a permitted use.

(b) A city or county may not impose a zoning requirement on the establishment and maintenance of multifamily housing for farmworkers and farmworkers' immediate families in a residential or commercial zone described in paragraph (a) of this subsection that is more restrictive than a zoning requirement imposed on other multifamily housing in the same zone.
