WALK EVENT PLANNING

Ketter noted that the walk is scheduled for May 2nd. The day before is the wine walk scheduled by the City. Commissioner's discussed supplies (rocks and paint) needed to provide painted rocks for the walk event. Accepting donations from local business to fund prizes will require the City to come up with a form listing the information needed to identify the donation being to a tax-exempt organization. Irish will work on coming up with a form. Commissioner's discussed how to approach businesses and what to request in terms of donations.

Irish distributed a calendar that showed event dates for commission activities throughout the year.

January 28, 2020

Steph Nappa joined the meeting at 7:40.

Lawrence spoke about problems cyclists faced with the existing the bridge crossing over the Willamette. The Ellsworth bridge is not designed to accommodate cyclists and discourages trips across the river. Irish noted that a concept and project would need to be included in the city's TSP in order to move it forward. Potential concepts include modifying the Lyon Street bridge to include a multiuse path along one side. Steph Nappa suggested that converting downtown streets to a two-way travel pattern might make the multiuse path connection easier on the downtown side of the crossing.

Commissioner's discussed recent interest on the part of AAMPO, CAMPO, and ODOT to do capacity study for the Highway 20 corridor between Corvallis and Albany.

The next Bicycle and Pedestrian Advisory Commission meeting is scheduled for March 24, 2020.
