SECTION 1 RECOGNITION

Article 1.1 Bargaining Agent

This Agreement is entered into by the City of Albany, Oregon, hereafter referred to as the "City," and the Albany Fire Fighters, Local #845 International Association of Fire Fighters, hereafter referred to as the "Union."

The City recognizes the Albany Fire Fighters, Local #845, as the sole and exclusive bargaining agent for all employees in the bargaining unit excluding temporary, intermittent, supervisory, and confidential employees. It is agreed that both parties to this Agreement understand that they are both mutually responsible for enforcement of the Agreement; and that when a violation of agreement occurs and either party is aware of the violation, although it may be a benefit to one party or the other, it must be addressed.

Article 1.2 Temporary Filling of Bargaining Unit Positions

When a bargaining unit position is going to be open for more than two (2) weeks, but not more than five (5) months, due to an approved leave or a position vacancy, other than scheduled vacation/compensatory time/department training, a temporary employee may be hired by the Department to fill the opening for this period. The City will not use more than one temporary employee per shift at any one time.

The City shall be responsible for giving written notification to the Union of its intent to utilize a temporary employee and any changes in that person's employment status. These employees shall not accrue benefits under this Agreement during their employment.

If it is deemed to be a benefit to the City and the Union, the parties may, by mutual agreement, extend this temporary period beyond the five (5) months. Extensions granted under this section shall not cause the temporary employee to become eligible for benefits under this Agreement.

It is further agreed that these employees shall meet the standards set by the State of Oregon and the Albany Fire Department for the classification of their employment. The City and the Union agree to collaboratively establish and maintain a temporary hiring procedure.

Article 1.3 Part-Time

Part-Time: Any employee working less than forty (40) hours per week.

If and when such positions are proposed by the City, the parties shall bargain pursuant to ORS 243.698.

SECTION 2 MANAGEMENT RIGHTS

Except as expressly modified or restricted by a specific provision of this Agreement, all charter, statutory, and other managerial rights, prerogatives, and functions are retained and vested exclusively in the City, including, by way of description and not limitation, the rights, in accordance with its sole and exclusive judgment and discretion: to direct and supervise all operations and functions; to manage and direct the workforce, including, the right to determine the methods, processes, locations, and manner of performing work; to hire, promote, and retain employees; to determine schedules of work; to determine the need for a reduction or an increase in the workforce; to establish, revise, and implement standards for hiring, classification, promotion, quality of work, materials, equipment, facilities, and standards. Utilization of any management rights not specifically limited by this Agreement shall be at the City's discretion and not subject to the grievance procedure or negotiation, unless the matter is a mandatory subject of bargaining as required by ORS 243.650 through 243.762.

SECTION 3 UNION SECURITY

Article 3.1 Checkoff

The City agrees to deduct, once a month, dues in an amount certified to be correct by the Treasurer of the Union from the pay of those employees who individually request in writing that such deductions be made. The total amount of these deductions shall be remitted by the 15th day of each month by the City to the Union Treasurer. This authorization shall remain in full force and effect during the entire term of this Agreement.

Article 3.2 Fair Share

The terms of this Agreement have been made for all employees in the bargaining unit and not only for the members of the Union. Accordingly, it is fair that each employee in the bargaining unit pay her/his own way and assume her/his obligation along with the grant of equal benefits.

Any employee in the bargaining unit who has not joined the Union within 30 days of becoming a regular employee shall have a "fair share" amount of money, as determined by the Union in accordance with statutory and constitutional requirements, deducted from her/his check each month by the City and paid to the Union.

Article 3.3 Religious Objection

Any individual employee objection based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member will require such an employee to inform the City and the Union of her/his objection. The employee will meet with representatives of the Union and establish a satisfactory arrangement for distribution of a contribution of an amount of money equivalent to regular Union membership dues to a nonreligious charity.

Article 3.4 Hold Harmless

The Union shall hold the City harmless for any actions required by this article or checkoff errors so long as such verified errors are adjusted as soon as practical.

SECTION 4 STRIKES

Article 4.1 No Strike

The Union will not initiate or engage in and no employee(s) will participate or engage in any strike, slowdown, picketing, boycott, or other interruption of work during the term of this Agreement.

The Union agrees to notify all local officers and representatives of their obligation and responsibility for maintaining compliance with this article, including their responsibility to remain at work during any interruption which may be caused or initiated by others.

Article 4.2 Penalty for Participation

In the event employee(s) participate in a strike, slowdown, picketing, boycott, or other interruption of work in violation of this article, the participating employee(s) shall be subject to disciplinary action which may include discharge.

Article 4.3 Loss of Benefits

It is understood that employees shall not be entitled to any benefits or wages whatsoever while they are engaged in such work interruption.

SECTION 5 UNION BUSINESS

Article 5.1 Leave with Pay

The Union negotiation team shall be permitted time without loss of pay to attend mutually agreed to negotiating meetings with the City's representatives on issues relating to labor contracts or issues under the grievance procedure.

Official Union representatives may take time off without loss of pay while on official Union business so long as such business is directly related and central to the collective bargaining process or investigation and processing of complaints, disputes, and grievances; and leave slots are available or qualified relief personnel will be secured by the Union at the City's cost. However, the City will not be liable for overtime cost when the leave is the result of Union officials attending union-related training and/or conferences; in these circumstances, the Union will secure coverage at their cost.

Article 5.2 Access

Upon request, a fire station may be utilized for Union meetings. The Union may be allowed reasonable access to utilize City office equipment for Union business, provided such equipment is not being utilized for City business. The Union shall reimburse the City for any and all costs incurred in such use.

SECTION 6 HOURS OF WORK

Article 6.1 Work Schedules

The current work schedules are listed below. If an unforeseen financial or operational situation arises prior to the expiration of this Agreement that requires a change in the work schedules, the parties shall negotiate said change.

Full-Time

1. Emergency Services

- a. Shift: Normal work schedule for "Shift" emergency services personnel is twenty-four (24) hours on duty and forty-eight (48) hours off duty and twenty-four (24) hours on duty, etc. Shifts will begin at 0700 hours. The parties agree that the FLSA 7(k) work period for emergency services workers will be 27 days (204 hours). [see also Article 7.4A]
- b. Day Lieutenant: Normal work schedule is 40 hours per week to be scheduled between 0700 and 1900 hours so not to exceed ten (10) hours per day and four (4) consecutive days, Monday through Friday, or eight (8) hours per day and five (5) consecutive days, Monday through Friday, with meal periods being included in those hours. Consecutive days and hours can be flexible with mutual agreement between the employee and supervisor.
- c. Day: Normal work schedule for "Day" emergency services personnel depending on assigned work schedule cover: Forty-eight (48) hours per week, consecutive days/shift type rotation, twelve (12) consecutive hours per day, Monday through Sunday, four days on/three days off, between 0700-1900 hours, with meal periods being included in those hours.

Schedule may be adjusted when there is a "reasonable need" for staffing changes. These changes will not occur without a two-week notice. "Reasonable need" is defined as a special event and/or a mutually (between the parties) agreed to situation.

- d. Conversion of 48- hour Personnel to 56-hour: In the event that a 48-hour employee is filling in for a 56-hour employee for more than thirty (30) days, the employee shall accrue leave according to the schedule for 56-hour employees as identified in Article 9.1 Accrual Schedule. Any other articles relating to emergency services shift employees (56-hour) would apply to the emergency services day employee (48-hour) during this time.
- e. Conversion of Emergency Services Personnel to a 40-hour week: Emergency Services personnel accrue holiday leave (see article 9.1). In the event that a 56-hour employee is temporarily working a 40-hour schedule over a City-recognized holiday, the employee shall be given the option to either flex their schedule during the week of the holiday in order to work the full 40 hours, or be allowed to use accrued vacation leave to take the holiday off.

Any eligible employee asked to work more than the hours specified shall be paid for those extra hours each payroll period at the appropriate overtime rate.

2. Life Safety Services: Normal work schedule is 40 hours per week to be scheduled between 0700 and 1800 hours so not to exceed ten (10) hours per day and four (4) consecutive days, Monday through Friday, or eight (8) hours per day and five (5) consecutive days, Monday through Friday, exclusive of time off for any lunch period. Consecutive days and hours can be flexible with mutual agreement between the employee and supervisor. Shift hours shall be posted by the City.

- a. Employees in the Life Safety Division will not be eligible to work Emergency Services call shifts or fill temporary vacancies in the Emergency Services Division. Employees in the Life Safety Division cannot be reclassified as Emergency Services Division employees on a temporary basis. They can only be used to augment staffing during emergencies as listed in the job descriptions.

For all employees above (except Emergency Services, Shift"): The work week commences 0001 on Monday and ends 2400 the following Sunday. All hours in excess of the daily and/or weekly schedule will be paid at overtime rate.

"Emergency Services, Shift and Day" employees are 7k exempt.

Article 6.2 Trades between Employees

The Department shall continue to allow trades between emergency services employees for their benefit and when such trade time is approved through TeleStaff or by a supervisor if required. Trades between employees shall be of equal classification or with an employee who is qualified to act in the capacity of the trade-off employee's job classification. The trade-on employee will work in the position of the trade-off employee unless moved at the City's request.

No AIC liability shall be incurred by the City when an employee trades with another employee of a higher classification except when the AIC is at the City's request. In this case, if the trade-on employee is trading to a job classification higher than her/his own, the trade-on employee will receive a maximum of five percent (5%) for AIC compensation.

Acceptance of overtime assignment for pay and arranging for another member to work the overtime as a trade is prohibited.

Trades are voluntary between employees, and at no time shall the City become responsible for trade time obligations incurred by emergency services employees.

If an employee is required to change stations due to a trade, the employee is responsible for making standby arrangements with another employee at no cost to the City until the employee arrives at her/his assigned station.

Article 6.3 Late Arrivals for Assigned Shift

Unless covered by another employee, employees who arrive late for their scheduled assigned shift will be docked the time missed in one-quarter (1/4) of-an-hour increments for all the time between the scheduled start of their shift and the time they arrive; and/or employees are subject to discipline.

SECTION 7 COMPENSATION

Article 7.1 Wages

- A. Day Firefighter/EMT personnel will receive ninety-four percent (94%) of the same step of the shift Firefighter/EMT wage.
- B. Effective July 1, 2013, all union employees shall be provided a 2.00224 percent salary increase. These new salaries shall be reflected in the wage schedule attached to this Agreement and marked Appendix A.
- C. Effective July 1, 2014, all union employees shall be provided a two percent (2%) salary increase. These new salaries shall be reflected in the wage schedule attached to this Agreement and marked Appendix A-1.
- D. Effective July 1, 2015, all union employees shall be provided a salary increase commensurate with the change in the National CPI-W between January of the prior calendar year and January of the current calendar year with a minimum of two percent (2%) to a maximum of four percent (4%).
- E. Effective July 1, 2016, all union employees shall be provided a salary increase commensurate with the change in the National CPI-W between January of the prior calendar year and January of the current calendar year with a minimum of two percent (2%) to a maximum of four percent (4%).

Article 7.2 Pay Rates/Periods

- A. Employees' base rate will be in accordance with the most current wage schedule, at the appropriate step and grade, to include any premium pays (longevity and EMT premium pay).
- B. All full-time employees will be paid on a monthly schedule.
- C. Hourly Rates:

Emergency Services:

Shift: The parties agree that the hourly rate will be calculated as follows: Base wage + Premium Pay ÷ 1.13 (work periods per month) ÷ 222 (204 allowed FLSA hours, plus 12 additional hours scheduled to work per 27-day period x 1.5) = hourly rate. Employee's monthly wage = the hourly rate x 222 x 1.13.

Day: Regular monthly wage plus premium pay divided by 208.

Life Safety Services:

Regular monthly wage plus premium pay divided by 173.33.

Article 7.3 Step Movement

Employees shall move on the wage schedule on their anniversary date. An employee's anniversary date is based on her/his regular date of hire. For employees hired between the first and the fifteenth of the month, their anniversary date will be the first day of that month. For employees hired between the 16th and the end of the month, their anniversary date will be the first day of the following month. All employees hired prior to the execution of this Agreement shall retain their previous anniversary dates.

An anniversary or longevity step increase will be granted to employees who are below the maximum wages for their classification provided the employee receives a satisfactory or above rating on their annual performance evaluation. Employees whose evaluations are not completed by their anniversary date will receive their step retroactively and made whole based on a satisfactory or above rating. Every attempt will be made to complete the employees' evaluations by their anniversary date.

Employees who are perceived by their evaluating supervisor to be less than satisfactory in their performance shall be given as much advance notice of their performance deficiencies as practical prior to their normally scheduled evaluation. However, employees who remain rated as below satisfactory on their performance evaluation during their annual review shall be placed on a plan of assistance by the Department. Upon successful completion of their plan of assistance, those employees shall be granted their step increase. However, there will not be a change to their anniversary date nor shall any retroactivity be granted regarding this step increase once the plan of assistance has been successfully completed.

Article 7.4 Overtime

Any eligible employee assigned to work more than the hours specified in Article 6, Hours of Work, shall be paid for extra hours each payroll period at the appropriate rate specified below:

A. Overtime Calculation

Emergency Services Employees:

Shift: Hourly rate times one and one-half (1.5).

Day: Hourly rate times one and one-half (1.5).

Day Lieutenant: Hourly rate times one and one-half (1.5). Position limited to working call shifts on off-duty days unless approved by supervisor.

Life Safety Services Employees:

Hourly rate times one and one-half (1.5).

Emergency Service Employees

1. Definitions:

Call Shifts: A call shift is a return to work outside regular work hours for a scheduled period of twenty-four (24) hours. Call shifts apply only to emergency services personnel. Call shifts will be filled by personnel qualified to work the position being filled. TeleStaff will track call shifts worked by members in a call shift "bucket" and log each 24-hour shift as one shift. The call shift roster will be reset annually on July 1. This roster does not include scheduled overtime worked (see definition below). When new employees are assigned to a shift (A, B, C, or Day shift) and placed on Telestaff, they will be charged with the average number of Call Shift and Scheduled Overtime hours worked (see definition below) by all emergency services employees to that date.

Callback: Callback is defined as work outside of regular work hours.

Mandatory Holdover: When an employee's relief in his/her job classification is absent and all attempts to obtain callback for the needed job were unsuccessful, thus an employee already at work is required to remain at work. Mandatory holdover shall not apply in cases of major emergencies/incidents, conflagration coverage, and/or natural disasters in which personnel may be held over or which may require alternative scheduling to address the emergency.

Scheduled Overtime: Personnel will sign up for days that they are available to work and wish to be considered for available overtime. TeleStaff will use this list first when attempting to fill overtime opportunities. If no personnel have signed up as available on a specific day, TeleStaff

will default to the general listing of qualified personnel and call based on job classification and seniority. No amount of scheduled overtime will count as a call shift worked and will not affect selection of personnel to fill call shifts. An overtime "bucket" will track all blocks of scheduled overtime worked for twenty-three and one-half (23.5) hours or less except overtime hours worked for emergencies, transfers, meetings, training, holidays, mandatory overtime coverage, and blocks of overtime worked for less than six hours. The overtime bucket will be cleared and reset July 1 of odd-numbered years. Scheduled overtime hours will be logged in TeleStaff as follows:

0.5 hours to 5.5 hours	Not logged into the TeleStaff overtime bucket
6.0 hours to 11.5 hours	0.25 logged into the TeleStaff overtime bucket
12.0 hours to 17.5 hours	0.50 logged into the TeleStaff overtime bucket
18.0 hours to 23.5 hours	0.75 logged into the TeleStaff overtime bucket

2. Overtime Pay Rate:

- A. Call Shifts: Call shifts will be paid at a rate of one and one-half (1.5) times the employee's hourly rate for hours worked. Call shift roster will be by "unit seniority."
- B. Emergency Callback: Shall be a minimum of two (2) hours overtime and rounded to the nearest one-quarter (0.25) hour for any time over two hours. Overtime shall be paid at a rate of one and one-half (1.5) times the employee's hourly rate. Emergency callback within one hour of reporting to start of regular shift will be paid based on actual hours worked prior to the start of shift and rounded to the nearest one-quarter (0.25).
- C. Administrative Callback: Shall be a minimum of one (1) hour and be paid at a rate of one and one-half (1.5) times the employee's hourly rate and rounded to the nearest one-quarter (0.25) hour. The employee will be paid for hours present, beginning at the scheduled start time of the activity through the end of the activity.
- D. Mandatory Holdover: Shall be paid at a rate of two (2) times the employee's hourly rate. If caused by sick leave use, the employee who caused the holdover will be charged 1.5 times for each hour if they report their use of sick leave after 21:30 hours the evening prior to the affected shift. If the employee reports prior to this time, the employee will be charged hour for hour for their sick leave usage.

If the employee held over was signed up to work overtime on Telestaff at the time the vacancy was created, s/he will be compensated at her/his normal overtime rate. Any time the held-over employee is compensated at her/his normal overtime rate, sick leave banks will be charged hour for hour.

In addition, overtime or call shift opportunities that are offered to an employee by TeleStaff and subsequently refused will not be counted against that employee's call shift or overtime bucket.

- E. Shift Extensions: When it becomes necessary to extend an emergency service employee's shift, the employee who is held over or extended, shall receive at least one-quarter (0.25) hour overtime at the callback rate, except when the extension is due to emergency duties, in which case a one-hour minimum will be used.
- F. Haz Mat Team Member Pay: Those responses in which off-duty department members of the State Hazardous Materials Team respond and are eligible for reimbursement under the state contract, said Hazardous Materials Team Members will be reimbursed at \$60.00 an hour. For those incidents which are not state responses, team members will be reimbursed at their standard rate of overtime pay of 1.5 times their hourly rate. If at anytime the state contract should exclude the set hourly rate, team member reimbursement will revert to 1.5 times their hourly rate.

- G. Overtime Related to Vacation or Compensatory Time: An employee on vacation or compensatory leave who reports to work will not be eligible for overtime and will reduce leave use by the hours of work in attendance, except for emergency callback. An employee on emergency callback will have the option of receiving Emergency Callback overtime pay or reducing leave use by the hours worked.
- H. Overtime Related to Time Trades: Time trades are between employees and should not generate an overtime liability for the City, except for the following circumstances: An employee on a trade off-duty who reports to work for emergency callback will be eligible for Emergency Callback overtime pay; an employee who is required to return to work for mandatory Department training will be eligible for Administrative Callback overtime pay. In order to be eligible for Administrative Callback overtime, the training must be declared mandatory by a chief officer, and the employee must obtain approval for the overtime from a chief officer at least the day prior to the training. The employee is responsible for informing the chief officer that they are in a trade off-duty situation which is generating the overtime.

Article 7.5 Optional Distribution of Overtime

During each pay period, an employee may elect to bank, into deferred compensation, any portion of overtime earned during that same pay period. To effectuate such additional deferral, the employee shall notify the Payroll Office on the appropriate form of the exact dollar amount s/he wants deferred for that pay period by the cutoff date established by Payroll each month. It is the employee's responsibility to designate such additional deferral as authorized for "one month only." Failure to so designate the change in deferral amount will result in the increased deferral amount remaining in effect until the employee redesignates a new deferral amount. Contributions to deferred compensation shall be limited to an annual maximum as defined by the IRS.

Article 7.6 Compensatory Time

For every hour of eligible overtime worked, the employee may request to have accumulated on her/his record compensatory time off in lieu of cash payment to a maximum total accrual, at any time, of 100 hours.

Overtime hours considered not eligible for compensatory time conversion shall be those hours received from AIC.

Compensatory time will be accrued at the rate which the overtime was worked. That time will be calculated and noted on the monthly time sheet.

If an employee desires to cash out some or all of his/her accrued compensatory time, s/he shall request such reimbursement on his/her monthly payroll sheet. Since the accrual bank has the overtime rates factored into the total compensatory time banked, banked hours of compensatory time will be paid out in cash, hour for hour, at the employee's current straight time hourly rate.

Compensatory time will be scheduled and administered just as vacation time off. Banked compensatory time will be paid out prior to COLA, step increase, and/or promotion.

Article 7.7 EMT Premium Pay

- A. At the City's discretion, a minimum of 32 employees in the Firefighter/EMT classification will maintain their Paramedic certification.
- B. All emergency services employees who hold a current State EMT-P Certification and have current standing orders from the Department's medical director shall receive nine (9) percent above top Firefighter (Step F) of their wage scale (day shift vs. 56-hour shift).

- C. All emergency services employees who hold a current State EMT-I Certification and have current standing orders from the Department's medical director shall receive four percent (4%) above top Firefighter (Step F) of their wage scale (day shift vs. 56-hour shift).
- D. Employees outside of the Firefighter/EMT classification who do not desire to maintain Paramedic Standing Orders may elect to take EMT Intermediate Standing Orders, if qualified.
- E. Employees in the Deputy Fire Marshall III job classification who have current EMT-P standing orders with the Department's medical director shall also receive EMT-P premium pay at the day shift emergency services rate. Employees in the Deputy Fire Marshall III job classification who have current EMT-I standing orders with the Department's medical director shall also receive EMT-I premium pay at the day shift emergency services rate.

Article 7.8 Longevity Premium Pay

See also Article 7.3.

Months of Service	Longevity Step Increase
121 through 180	3% of salary step
181 through 240	3% of salary step
241+	3% of salary step

Article 7.9 EMS Field Trainer

- A. Department qualified and assigned EMS Field Trainers shall receive an additional three percent (3%) of their monthly base wage for functioning as an EMS Field Trainer. At the City's discretion, up to three (3) qualified Firefighter/EMT-Paramedics will be assigned to each shift as EMS Field Trainers. In addition to field training of new employees, EMS Field Trainer duties may include, but are not limited to, shift training, quality assurance, and other EMS-related staff duties.
- B. The Department will conduct application processes for all EMS Field Trainer positions as needed.

Sick Leave Donation:

It is agreed that employees may donate any part of their sick leave to any other bargaining unit employee who has a bona fide need for such donation if agreed upon by the City. Each request will be examined on a case-by-case basis as to the allowance and the amount. The City will not deny such donation in an arbitrary or capricious manner. Article 17.2 Procedure

Step 1: Within ten (10) business days from the occurrence thereof or the grievant's reasonable knowledge thereof, the employee shall schedule a meeting with her/his immediate supervisor or the person(s) so designated outside the bargaining unit with the authority to adjust grievances for the purpose of discussing the issue the employee believes to be a violation of this Agreement in an effort by the parties to resolve the matter as early as possible.

- Step 2: If within five (5) business days after this meeting no resolution has been reached, the grievant shall have ten (10) business days to reduce the grievance to writing. The grievance shall include: 1) a statement of the grievance and relevant facts; 2) the specific provision of the Agreement allegedly violated; and 3) the specific remedy sought. The supervisor shall respond to the employee in writing within ten (10) business days from the receipt of the written grievance and provide a copy to the Union.
- Step 3: Within ten (10) business days from the date of receipt of the Step 2 reply if the grievance remains unadjusted, the grievance as set forth in writing may be submitted to the Fire Chief. The Chief shall respond to the grievance in writing within ten (10) business days with a copy to the Union.
- Step 4: Within ten (10) business days from the date of receipt of the Chief's reply if the grievance remains unadjusted, the grievance as set forth in writing may be submitted to the City Manager. The City Manager shall respond to the grievance in writing within ten (10) business days with a copy to the Union.
- Step 5: If the grievance is not resolved within ten (10) business days from submission of the City Manager's reply, it may be submitted within that period to arbitration in the following manner:
- a. A list of five (5) members of the State Conciliation and Mediation Service shall be requested, and the parties shall alternately strike one name from the list until one is left. The Union shall strike the first name. The one remaining shall be the arbitrator. One business day will be allowed for the striking of each name.
 - b. The arbitrator shall render a decision within thirty (30) days of the hearing closing. The powers of the arbitrator shall be limited to interpreting this Agreement and determining if it has been violated. The arbitrator shall have no authority to alter, modify, vacate, or amend any terms of the Agreement or to decide on any item not specifically treated in this Agreement. The decision of the arbitrator within his/her authority shall be binding on the parties.
 - c. The costs of arbitrators shall be borne equally by the parties. Each party shall be responsible for costs of presenting its own case to arbitration including witness fees, consultant fees, and records.

"Business day," as used above means, "Monday through Friday excluding holidays."

Article 17.3 Miscellaneous

For the purpose of conducting mutually approved Union-City meetings to resolve or avert grievances, designated Union representatives may be permitted time off to meet with appropriate representatives of the City with permission of their immediate supervisor without loss of compensation.

Any or all time limits specified in the grievance procedure may be waived by mutual written agreement of the parties. This shall include the original filing date so as to allow the Union a reasonable period in which to conduct its investigation of any alleged grievance. Failure by the grievant to submit the grievance in accordance with these time limits without waiver shall constitute abandonment of the grievance. Failure by the City at any level to submit a reply within the specified time period without waiver shall allow the grievant to proceed to the next step. A grievance may be terminated at any time upon receipt of a signed statement from the Union or the employee that the matter has been resolved.

Upon request, the employee may request representation by the Local's Grievance Committee. The grievant shall attend grievance meetings upon the request of either party.

SECTION 18
DISCIPLINE AND DISCHARGE

Article 18.1 Standard

No employee shall be disciplined or discharged except for just cause.

If a supervisor has reason to discipline an employee, s/he shall make reasonable efforts to impose such discipline in a manner that will not embarrass or humiliate the employee before other employees or the public.

Article 18.2 Progressive Discipline

The goals of progressive discipline are to correct behavior and produce efficient City operations rather than merely to punish wrongdoers. Disciplinary actions or measures shall normally be invoked in the order listed:

- a. Written warning
- b. Written reprimand
- c. Suspension with loss of pay
- d. Salary reduction
- e. Demotion
- f. Discharge

Disciplinary action may be imposed upon any employee for failing to fulfill her/his responsibilities as an employee. Conduct reflecting discredit upon the City or which is a direct hindrance to the effective performance of City functions shall be considered just cause for disciplinary action. Such just cause may also include misconduct, inefficiency, incompetence, insubordination, misfeasance, malfeasance, the willful giving of false information or the withholding of information with intent to deceive when making application for employment, willful violation of departmental rules, or for political activities forbidden by state law.

Serious violations may be dealt with by any of the above disciplinary measures on the first or subsequent offenses.

Article 18.3 Just Cause

A training period employee shall serve at the pleasure of the City. An employee having satisfactorily completed her/his training period shall not be reprimanded, demoted, suspended, or discharged without just cause.

Upon request, any employee required to appear before a City representative to discuss matters for which disciplinary action is being contemplated may be allowed to have a Union representative present at the discussion.

Article 18.4 Disciplinary Records

If an employee receives a written warning, it shall be noted in the employee's personnel file. An employee shall receive a copy of any written warning or reprimand, and it shall be made part of her/his personnel file. All disciplinary records shall be maintained in accordance with the Public Records Law. Upon request of the employee, written reprimands will be removed from the employee's personnel file after two (2) years so long as no other disciplinary actions have occurred since the reprimand was issued. Reprimands removed from an employee's personnel file shall be maintained in a secure, confidential Human Resources file accessible only by the Human Resources Director, her/his designee, the City Manager, or the City Attorney. Such material may be used to demonstrate that the employee has been previously warned or disciplined regarding the behavior and/or conduct noted in the material. However, the material may not be used as the sole basis to advance discipline to a more severe step.

Confidential documentation of personnel matters or discipline issues shall be subject to disclosure restrictions as provided for in statute.

**SECTION 19
SAFETY AND HEALTH**

Article 19.1 Safety and Health Promotion

The Union and City agree to cooperate in the promotion of safety and health through the maintenance of safe working conditions and practices including the preservation of City property and equipment and the participation in the Department's current safety, no use of cigarettes, and physical fitness programs. No use of tobacco products allowed while involved in City of Albany events.

Employees hired before 1983 that use tobacco will be exempt from the no use of tobacco rule.

Article 19.2 Safety Committee

There will be a safety committee with an equal number of members selected from both management and the union personnel. All safety committee recommendations involving the Fire Department will be in writing, and copies will be furnished to the Union, Fire Chief, and Human Resources Department.

Article 19.3 Equipment

35 - 44	every three years
45+	every two years

All other costs of the exam shall be the sole responsibility of the employee.

Payment of the City's contribution shall be made upon receipt of the doctor's billing and documentation of expenses not covered by insurance.

Article 19.5 Personnel Safety

The parties acknowledge that emergency response creates safety and health hazards unique to the occupation. Therefore, if or when current operating practices are considered for modification, safety protocols will be written and training on these procedures shall be conducted for affected employees prior to their being implemented.

The Department further agrees to submit proposed operational procedure modifications to the established Department operations and safety committees for their written recommendations and to reduce current operating practices to writing.

Article 19.6 Physical Fitness Program

The Union and the City recognizes the need for physical fitness in the fire service. The Union also recognizes that all Department emergency services personnel will participate in the Department physical fitness program as with any other assigned duty. However, it is the understanding that the results of any testing will be used in a constructive manner and not punitive or disciplinary.

Article 19.7 Safety Suggestion Program

In order to create and promote a safe work environment, reporting of incidents and near-miss incidents shall be a standard practice so that all personnel can learn from these situations. The Safety Suggestion Program uses suggestions from Department personnel for safer ways of operating and encourages incident and near-miss incident reporting with suggestions for ways to avoid repeating these incidents.

Following are the parameters of this program:

1. Applies to represented and nonrepresented Fire Department personnel.
2. Safety suggestions submitted by personnel must include a recommendation for corrective action.
3. Suggestions are reviewed by the Albany Fire Department (AFD) Safety Committee.
4. Safety suggestions selected by the AFD Safety Committee which have the maximum impact to the members will be awarded a \$25 Chamber Dollar gift certificate. The idea will be published in the AFD Safety Committee minutes for review by all personnel and be incorporated into Department operations if applicable.

The AFD Safety Committee may award more than one award per month or may elect not to select any suggestions for recognition depending on the quality of the safety suggestions and their potential impact on operations.

SECTION 20 STAFFING

Article 20.1 Apparatus Staffing

Staffing of Engine, Ladder, and Truck Companies will be a minimum of three (3) regular-paid emergency services personnel; Medic Company will be a minimum of two (2) regular-paid emergency services personnel.

When above minimum-shift strength, staffing of additional apparatus using the above minimums will be accommodated as possible. It is the intent of the Department to accommodate the 3/2 rule when staffing apparatus.

Article 20.2 Interns

Qualified interns will not be used to replace bargaining unit personnel, but rather augment that staffing.

SECTION 21 GENERAL PROVISIONS

Article 21.1 Job Changes/New Classifications

When an existing job is changed or a new classification is developed that falls under the jurisdiction of this Agreement, the City shall designate a pay rate for the position and develop a job description. The Union shall be notified by the City, in writing, of any changes including the proposed pay rate and job description. The pay rate established by the City shall be considered tentative until the Union has been afforded an opportunity to meet and negotiate the matter through arbitration, if required. The Union shall make its demand to bargain pursuant to ORS 243.698. In any event, the City may implement the job change or new classification prior to the completion of negotiations. The final wage rate will be retroactive to date of implementation.

All written disciplinary action shall be placed in the employee's file and may be subject to the provisions in Article 18.4.

Article 21.4 Outside Employment

- b. It adversely affects the employee's performance in her/his City position or is incompatible with the requirements of the regular City position.
- c. It presents a financial or personal interest adversely affecting the employee's judgment or performance.

The City may require termination of outside employment if the criteria described above applies. The City's decision shall be subject to the grievance procedure.

Article 21.5 Notice of Exams

The City will provide employees with at least thirty (30) days' advance notice of promotional exams. The notice will include testing criteria.

Article 21.6 Nondiscrimination

The City and the Union agree that there shall be no discrimination against any employee for her/his activity in protected union activities or other activities dealing with representation matters.

This Agreement shall apply equally to all members of the bargaining unit regardless of race, sex, age, creed, mental/physical handicaps unrelated to job performance, religion, or political affiliation. Disputes arising under this article for which there is legal remedy may not be processed through the grievance procedure to arbitration. If no forum for legal remedy exists, the disputes are arbitrable.

The Union and the City shall equally share the responsibility for upholding the provisions of this article.

Article 21.7 Special Conferences

Special conferences for important matters may be agreed to between the Union representatives and the City representatives upon request of either party. Such meetings shall be arranged in advance, and an agenda of matters to be discussed at the meeting shall be presented at the time the conference is requested. Union representatives shall be permitted to attend such conferences without loss of pay to the extent such meetings are scheduled during duty hours of the members so attending.

Article 21.8 Prevailing Practices

Provisions in this Agreement are not intended to affect existing wage and other economic benefits to employees unless specifically included in this Agreement. If management desires to change an existing benefit or other working condition, it must negotiate the change with the Union before implementation to the extent the subject is bargainable under existing law.

Article 21.9 Training

To provide for a safer and more professional operation, all career personnel will be allowed to attend all department training, including intern drills. It is agreed between the parties that such attendance is strictly voluntary on the part of career personnel and that they shall not be compensated for such attendance when the Department has not assigned them this training. The City shall make clear when overtime is authorized for in-house training by denoting so on the training announcement.

The City shall continue to make available reimbursement of tuition and books for individuals taking approved fire service, emergency medical services, investigation, and/or life safety courses that apply to educational degrees. When available, training time off shall be allowed.

However, such leave must be used in blocks of 12 or 24 hours. Requests to bank such hours will be so noted on the Training Request form submitted for the training requiring the trade. For these employees, any training hours not used during the fiscal year in which they were banked will be deducted from the employee's training hours' bank at the fiscal year end. These hours can only be used as leave time and cannot be cashed out.

Article 21.11 Day Lieutenant Position

An assignment to a day lieutenant position for an internal candidate shall be for a minimum of 18 months. Exceptions may be granted by the Fire Chief.

Personnel that occupy a day lieutenant position shall not be able to bump another emergency services employee out of their currently held position, except as defined in Section 16, Reduction in Force, of the Collective Bargaining Agreement. Upon completion of the minimum 18-month time commitment, reassignment from a day lieutenant position to a 56-hour shift position shall require the following conditions:

1. An open position must exist in an emergency services job classification that the individual is requesting reassignment to and the individual must have previously held that job classification on a full-time basis; or

2. The employee in the day lieutenant position must request reassignment back to a 56-hour shift emergency services position through their supervisor. An internal recruitment and selection process shall be conducted to determine if there are qualified and interested applicants for the day lieutenant position. If an applicant is selected for this position, the individual vacating the day lieutenant position will assume the successful applicant's 56-hour emergency services position as long as they have previously held that job classification on a full-time basis.

Article 21.12 Promotion of 48-Hour Firefighter/EMT to 56-Hour

When a 56-hour Firefighter/EMT position becomes vacant, a promotion will be offered to the employee in a 48-hour Firefighter/EMT position with the most seniority. The promotion will be effective the first day the employee begins working the 56-hour shift following the vacancy. Salary and accrued leave adjustments will be calculated as outlined in Article 6.1 Work Schedules and Article 7.12 Salary Movement of 48-Hour Employee to 56-Hour.

Article 21.13 Reintegration into Emergency Services

- A. If an employee has not performed emergency response duties for six (6) months or longer, the employee will meet with the Training Division to evaluate any training that was missed and any possible training deficiencies that might need addressed before being assigned response duties. A unique training program (including possible ride-along) will be developed to assist with reestablishing required certifications which have elapsed and the reintegration back to emergency response duties and shall be completed before being assigned to her/his previously held position. The employee will be given a reasonable amount of time to complete the training program.
- B. Upon completion of the minimum four-year time commitment, reassignment from a DFM position to a 56-hour Emergency Services shift position shall require the following conditions:

 2. The employee must meet the minimum entry-level qualifications for the position for which s/he is requesting reassignment.

The employee will not be subject to a new 12-month probationary period or loss of seniority.

SECTION 22 DRUG & ALCOHOL TESTING

Employees in the bargaining unit may be required to undergo testing on "reasonable suspicion" when objective facts and observations are brought to the attention of the supervisor. Based upon reliability and weight of such information, the supervisor can reasonably infer or suspect that the employee is using illegal drugs, is abusing legal drugs or alcohol, or is reporting for duty under the influence of drugs and alcohol. Reasonable suspicion must be supported by specific articulable facts which may include but are not limited to: reports and observation of the employee's drug-related activities; observations of the employee's behavior or work performance; an observed impairment of the employee's ability to perform his or her duties.

Employees involved in a job-related accident involving a vehicle or a watercraft may, at the City's discretion, be required to submit to testing to determine the presence or use of alcohol or drugs. Employees required to submit to such testing are prohibited from transporting themselves to the collection site. A supervisor/manager will arrange for transportation. If this testing holds the employee past her/his scheduled hours, s/he will be eligible for mandatory overtime until s/he is released.

The City's drug and alcohol testing policies are initiated solely at the request of the City. The Union shall be held harmless for the violation of any employees' rights arising from the agreeing to and/or signing of this policy. The City agrees to indemnify, defend, and hold the Union harmless against any claims made or suits brought against the Union as a result of this policy.

SECTION 23 SAVINGS CLAUSE

The provisions of this Agreement are declared to be severable; and if any section, subsection, sentence, clause, or phrase of this Agreement shall for any reason be held to be invalid, unlawful, unconstitutional, or otherwise unenforceable by a court of competent jurisdiction, declared invalid by an order of the Employment Relations Board that has survived appeals, if any, or made illegal through enactment of a federal or state law or through government regulations having the full force and effect of law, such action shall apply only to the specific section or portion thereof, directly specified in the action and shall not invalidate the entire Agreement. The rest of this Agreement's sections, subsections, sentences, clauses, and phrases shall remain valid and in effect.

The invalidated provision(s) shall be subject to renegotiation by the parties conditioned upon either party notifying the other in writing, within thirty (30) days of the date the party became aware of the invalidating action, of its desire to enter into such negotiations.

SECTION 24 MODIFICATION

If either party wishes to modify, amend, add to, or delete any of the provisions of this Agreement, it shall give written notice to the other party by January 31 of the expiring year and bargaining shall begin within thirty (30) days. If neither party gives such notice as provided, this Agreement shall remain in effect from year to year.

SECTION 25 TERM OF AGREEMENT

Article 25.1 Duration

This Agreement shall be effective upon ratification of the parties and shall remain in full force and effect through June 30, 2017, or until a new contract is ratified by both parties and executed with signatures.

Article 25.2 Successor

This Agreement shall be binding upon the successors and assigns of the parties hereto, and no provisions, terms, or obligations herein, contained shall be affected, modified, altered, or changed in any respect whatsoever by consolidation, merger, annexation, transfer or assignment of either party hereto, or by any change geographically or otherwise in the location or place of business of either party.

Article 25.3 Closure of Bargaining

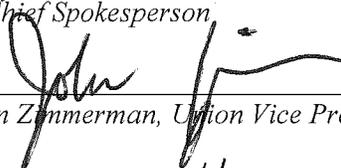

1. This Agreement supersedes and cancels all previous agreements between the City and the Union and constitutes the entire agreement between the parties and concludes collective bargaining for its term unless otherwise required by law or through the proper application of Article 21.8 or Section 23. The parties acknowledge that during negotiations which resulted in this Agreement each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the agreement arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement.

IN WITNESS WHEREOF, the City and I.A.F.F., Local Union #845, have negotiated the terms of this Agreement in good faith and hereby agree to observe said terms of this Agreement.
