To: All Users of the City of Albany *Standard Construction Specifications*

REVISED STANDARD CONSTRUCTION SPECIFICATIONS JULY 31, 2019

The City of Albany Public Works Department has instituted revisions to the *Standard Construction Specifications*. These revisions are made effective and shall apply to all projects approved for construction from this date forward. Changes to the City of Albany's Public Works Standards are described in the document: *Summary of Changes SCS – July 2019*.

The most current version of the City of Albany *Standard Construction Specifications* and associated drawings is located on the City's website at <https://www.cityofalbany.net/departments/public-works/engineering/standard-construction-specifications>. The current version of the *Standard Construction Specifications* has "July 2019" in the footer of each page. All holders of this manual should review the attached Summary of Changes and update their manuals.

Sincerely,

Staci Belcastro, P.E.
City Engineer
